Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's Historical language advisory page.

Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. Pour en savoir plus, visitez la page Mise en garde – terminologie historique de BAC.

In that letter you state that the item in question was included in the estimates under that sub-head which covers tools, hardware and lumber supplied to destitute Indians. I can find no such sub-head in the estimates submitted to Parliament and passed by Parliament. The Vote in question, according to the estimates submitted to Parliament, and according to the supply bill, is only for "Agricultural Implements." If this Vote is intended to cover payments of the nature of the one in question, it will be necessary to alter the wording of your estimates. Dear Sir, re School at Crane River

The school building on the reserve at Crane River is absolutely unfit for use and the Indians will not enter it nor will they permit their children to enter it as they fear it will collapse if there should come a little extra gale of wind. The teacher has secured the loan of a house from an Indian who may return at any time, and if he should return and ask for his house we will have no place for the school.

I have just had an independent report on the whole situation and believe that a proper school building should be provided without delay in the interests of the work there. As the building will be on the reserve it should be provided by the Indian Department.

I shall be glad if you will give the matter your consideration.

DEPARTMENT OF INDIAN AFFAIRS CANADA.

Ottawa, March 12, 1919.

MEMORANDUM.

Mr. Scott,-

With reference to the letter from Mr. Fletcher, Deputy Minister of Education for the Province of Manitoba, regarding the school at Crane River and claiming that this Department should provide a new building, I beg to say that this is a joint school, the Provincial Government paying two-thirds of the cost and this Department one-third.

School is held in a building loaned by an Indian, the old school building being, as Mr. Fletcher states, unfit for use.

Mr. Agent Ogletree was written to in reference to the erection of a new building a year ago and informed that, if it was decided to put up a new building, the Department was not prepared to pay the total cost of the lumber, etc., that would be required to finish it, the Indians being prepared to furnish the logs. Mr. Ogletree replied that the building where the school is now held is large enough for the number of children attending, and the Indians have consented to do with this building, and that he did not consider a new building necessary at present.

The teacher, in his report for the year ended the 31st of December, last, states as follows,- "I have been teaching on the Reserve here, in a temporary school building since Feb. 17, 1918, and find myself hampered for want of room. We have made application for the building of a new school, but so far in vain. So it is absolutely that we have a new building in the near future, for the present accommodation will not be good enough in two or three years time".

Since the school was opened in February, 1918, they have had an average attendance of Indian children of seven and about the same number of whites. The present teacher

teacher, judging by his report, is efficient, and the Department's share of maintaining the school for ten months came to $302.00, and $350.00 should cover the yearly cost. This is a satisfactory arrangement as far as the Department is concerned and, if funds could be spared, I would suggest that Mr. Ogletree be asked to give an estimate of what it would cost to supply the necessary lumber, etc., to put up a building. Sometime ago he stated that it would take about $250.00 to finish the building, the Indians supplying the logs and doing the work.

Ottawa, November 13, 1920.

Sir,-

An account has been received from R. Kakewash amounting to $115.00, for rent of a house for school purposes on the Crane River Reserve from March, 1918, to June 30th, 1920, at $5.00 per month. This is the building used as a combined white and Indian day school.

Under the arrangement with your Department for the education of the white and Indian children residing in that locality, your Department pays two-thirds of the cost and this Department one-third. This Department's share of the cost of salary and maintenance has been paid upon receipt of vouchers each quarter. It is considered that the rent of the building should be paid by your Department and this Department will pay its proportion of the cost upon receipt of the usual accounts.

R. Kakewash, the owner of the building, has now notified this Department that if the rent is not paid the building will not be available for school purposes.

I shall be pleased if you will inform me at an early date as to whether you are prepared to pay for the rental of this building, this Department contributing its share upon receipt of the usual vouchers.

Dear Sir, re Crane River School

Referring to our conversation concerning the school being operated at the above point, I am just in receipt of a letter from Mr. Mallinson, the teacher, from which I quote the following: "I have seen the owner of the building and he is still asking that he be paid rent for the place that is being used for the school. I would be much obliged to you if you would kindly push this matter ahead as I am afraid, unless something is done soon, we may have no building in which to hold school".

I am also in receipt of a letter from Mr. Archie Ogletree, under date November 5th, from which I quote the following paragraph: "I might say that this building will not be available any longer if this account is not paid at once, and therefore the school will be closed".

The owner of the building is Mr. R.Kakewash and his account amounts to $115.00. This is computed at the rate of $5.00 per month for each month that the building has been used as a school, beginning with April 1st, 1918, and terminating on June 30th, 1920. I am of the opinion that he is entitled to the amount of the rental which he is asking, and I believe that your Department should be responsible for providing the building in this case. At Moose Lake where we also co-operate in a school, our Department provided the building.

Trusting that you may be able to arrange this satisfactorily, I am,

Yours truly,

R. Fletcher
Deputy Minister.

Sir,-

In further reference to official letter of the 13th instant regarding the payment of the rent of the house owned by R. Kakewash and used for school purposes on the Crane River Reserve I beg to say that it has been decided by this Department to pay the account for the rent of this building and the Department of Education for the Province of Manitoba is being informed accordingly.

I have, therefore, to request that you will forward a properly certified voucher, in duplicate, for the rent due R. Kakewash from April 1st, 1918 to date at the rate of $5.00 per month. Upon receipt of this voucher the amount of rent due will be paid. You will be good enough to inform Mr. Kakewash of the Department's decision to assume responsibility for the payment of the rent and you should forward vouchers from time to time covering the amount due at the above rate. It is hoped that he will consent to the further use of the building for school purposes. Kindly give this matter your prompt attention.

Sir,-

I am directed to acknowledge the receipt of your letter of the 16th instant in further reference to the payment of the rent of the building used for the purpose of a combined white and Indian day school at Crane River.

It is hoped that, in view of the payment of the rent being assured the owner, he will consent to the further use of the building for school purposes.

I have your favor of 13th instant which has crossed my letter of 16th to Mr. Duncan Scott. I shall await a reply to that letter before dealing with the matter.
