Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's Historical language advisory page.

Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. Pour en savoir plus, visitez la page Mise en garde – terminologie historique de BAC.

Sir:-

I beg to confirm my telegram of even date as follows-
" Kindly authorize purchase by tender kitchen and livingroom stoves six common chairs, eleven window blinds and linoleum for teachers residence Kitkatla stop Approximate cost two hundred and fifty dollars stop Kindly wire if approved as wanted immediately. "

Having recently returned from Kitkatla Indian village, I was informed by the foreman in charge of construction of the teacher's residence that it will cost a further $250.00 before the house is completed and ready for occupation. The extra expenses are incurred for the following items-

Finishing new building	100.00	
Pulling down old missionhouse	50.00	
New wood and coal shed	40.00	
Toilet	20.00	
Water tank	30.00	
Box drains	10.00	$250.00

SCHOOLS BRANCH
DEC 10 1930

The building appears to be very satisfactory and has been well put up. All the outside doors and window facings etc.have received one coat of paint to protect them from the weather. I would recommend that the whole building be given another coat of paint next summer when weather conditions are better.

As far as the old mission house is concerned, the building is very old, and no use could be made of the windows or doors. The house must be over thirty years old. The best part of the old

lumber will be used in the erection of the coal shed, construction of box drains, and plank walks around the building.

It will also be necessary to partly furnish the new building, and in this connection I would recommend the purchase of the following, as per my wire to the Department.

1 Heater for livingroom, McClarys	30.00	
10 Window blinds @ 1.25	13.75

2 Lm.squares for bedrooms @ $16.00	32.00

Ottawa, June 20, 1930.

Sir:

I have your letter of the 13th instant, with reference to the erection of a teacher's residence at Kitkatla, for which authority has already been granted you to have this work carried out.

In this connection it is noted that the only available site for this house requires clearing and that you recommend that a small bedroom be added to the original plan to provide accommodation for the teacher's family. The Department will approve of an expenditure not exceeding the sum of approximately $500 to cover the cost of this additional room and the clearing of the ground, which will make a total of approximately $2,800 for the construction of the building and clearing of the land, and the Department will be pleased if a saving in this amount can be effected. You will be forwarded under separate cover accountable cheque No. 1759 for $1,000 to pay the cost of the labour employed on this work, and this should be accounted for by time sheets, in duplicate, covering the amount paid by you from this advance to the individual labourers employed.

Sir:--

With further reference to the erection of a teacher's residence at Kitkatla, for which authority has been given by the Department, I beg to state that on further consideration of the plans, copy of which was forwarded to the Department, I beg to recommend the addition of another small bedroom for the accommodation of the teacher's two children, which is very necessary.

The only available site for the house will need clearing and I think an extra $500.00 will cover both cost of additional room and clearing of ground.

The plan and estimate submitted to the Department had been prepared by Mr. J. Mitchell of Prince Rupert, who superintended the erection of the Massett Day School in 1925 and had also carried out repairs to the school building at Kitkatla two years ago and therefore is well acquainted with conditions at that place. I will however, interview Mr. W.J. Greer as requested, with regard to the building of the residence.

To expedite matters I shall be glad to receive an advance of $1,000.00 so that work may be put in hand at the earliest opportunity.

Sir:

I have your letter of the 1st instant, relative to your telegram requesting authority to incur an expenditure of approximately $250 in the purchase of furnishings for the teacher's residence at the Kitkatla Indian Day School, and also requesting authority to expend a further amount of $250 in completing the building.

In reply I have to confirm the following telegram of the 2nd instant, relative to the purchase of equipment for the residence:

> "Reference your telegram you may purchase after securing prices from suitable sources equipment for teacher's residence Kitkatla School. Do not exceed your estimate."

The Department will also approve of your incurring an expenditure of approximately $250 in finishing the new building, building wood and coal shed, toilet, water tank, box drains and in pulling down old mission house.

After you have made purchase of the furnishings as mentioned in your letter to the amount authorized above, you should forward itemized accounts, in duplicate, properly certified, covering the expenditure incurred. You should also forward properly certified vouchers covering the advance sent you to pay the labour in clearing the site and erecting the residence, and certified accounts covering the cost of material purchased for use in erecting the residence.

Regarding your recommendation that this building be given another coat of paint next summer, I have to say that you should draw this matter to the attention of the Department next spring, stating, at that time, the approximate cost of material and labour in having the work recommended by you carried out.

Dear Sir:

With reference to your letter of the 27th ultimo it is found necessary to return your voucher No. 664 in connection with supplying electricity to the Kitkatla School.

The Department was not previously aware that this building was wired for electricity. For your information I may say that it is not our practice to install electricity in any Indian day school in Canada. However, it has been decided to pay the account which you submitted but it is felt that the Kitkatla Council should be willing to supply electricity for this building free of charge in the future. Otherwise the service will have to be disconnected.

However, before paying the account it will be necessary to have more detailed information regarding the first entry on the account; namely, a charge of $15.00. An explanation of this item should be attached to the voucher which should then be returned for payment.

27th March, 1941

Dear Sir:

I submit herewith for the Department's consideration, Voucher No. 644 in favour of Kitkatla Council for light supplied to the teachers residence (Department's Building). The $25.00 is the charge the Council makes to all houses for supplying and installing the wire from the main line to the residence. Fifteen dollars of this amount was evidently paid by the former teacher, Mr. Goodreid, from his own funds.

These are the first bills that have been received in connection with light supplied to the teacher's residence, at Kitkatla.

It is regretted that the Council did not submit the 1940 bills last year.

Yours very truly,

Sir:-

In reply to your communication of April 11th.last, relative to the old mission house at Kitkatla, I beg to state that in the Department's telegram of September 19th, 1930, I was informed that arrangements had already been concluded with the Bishop of Caledonia for payment of $200.00 for the old building in question, I am therefore enclosing Vo.4026 covering this amount which I consider a fair price for the building.

Most of the material has been utilized in the construction of a woodshed and different outbuildings, none of it being used in the new residence.

Ottawa,

Dear Sir:

I am in receipt of your letter of the 5th instant in connection with a voucher for electricity supplied to the teacher's residence at the Kitkatla Day School.

As I pointed out in my letter of the 7th ultimo it is not our practice to install electricity in any Indian day school nor in any teacher's residence. You will remember that in a letter dated July 31, 1939, you submitted an account for wiring this building. No authority had been given for this expenditure although the account was paid.

I note that the yearly charge is $10.10 and from January 1, 1941, this Department will only allow an amount of $9.00 yearly for electricity for this residence. This is the same amount as was previously expended in the purchase of coaloil.

At the present time we can only consider payment of the balance of $10.00 for installation and the charge of $10.10 for lighting during the year 1940.

The account for the year 1941 should be submitted at the end of December and, as stated above, this Branch will only allow $9.00. The balance will have to be paid by the teacher.

Yours truly,

Dear Sir:

With reference to your letter No. 168-18-8 of April 7th requesting more detail regarding charges for electricity supplied to the teacher's residence at Kitkatla, I wish to state that the first charge on the bill is $10.00. This is the balance due on the Council's charge of $25.00 for labor and material for conveying the current from the main line to the house. The material consisted of wire, poles, insulation, etc. Fifteen dollars of the stated fee was paid by the former teacher's personal funds.

Electricity is not supplied to the school but to the teacher's dwelling, property of the Department, and is a separate building some distance from the school.

Previous to this the Department provided light for the teacher by supplying coal oil which amounted approximately $9.00 yearly.

Yours faithfully,

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C.

I enclose herewith a requisition for kalsomine, etc., to redecorate the teacher's residence at Kitkatla. Three rooms were kalsomined at the time the house was built, but they are now very dull. The dispensary was never kalsomined and only two doors were varnished.

Miss Freeman says that she is willing to do the work gratis, if the Department will supply the material.

I recommend that this be supplied. It can be purchased at Gordon's Hardware at a total cost of $20.00

The interior of the teacher's residence at Kitkatla needs redecorating. A complete coat of kalsomine is required for the living room, kitchen and dispensary. The material that we require is listed on the attached form 37A. The prices are those supplied by Gordon's Hardware, Prince Rupert.

Miss Meier, the dispenser, is willing to do the kalsomining for $15.00. I consider this is reasonable. It is difficult to secure any labour at Kitkatla. I recommend that the Department authorize this.

Ottawa.

I am enclosing Mr. Indian Agent Anfield's letter of October 27th in connection with the proposed expenditure of $64.70 for repairs to the Kitkatla Indian Day School teacherage.

This building is the property of the Anglican Church, but, inasmuch as we have paid no rent for it during the years it has been used as a teacherage, it is recommended that the expenditure requested be authorized. I may say I have discussed this matter with Mr. Anfield, who has assured me that we may have occupancy of the building during the balance of the present academic year at least, as it is not anticipated that the church will be sending a missionary to Kitkatla.

Application is made for the immediate purchase of the following for repairs to the Kitkatla teacherage, the porches and steps of which are in a dangerous condition. The entrance steps at front and back and the post office and dispensary steps are rotten, as well as the wooden sidewalks to the road:

	C.W. Nails	@ .11	2.20
			$ 64.70

Mr. Campbell, the teacher's husband, has consented to do this work if the Department will provide the materials.

The purchase is recommended and the Department's instructions requested.
