Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's Historical language advisory page.

Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. Pour en savoir plus, visitez la page Mise en garde – terminologie historique de BAC.

The School Visitors Report for Prince County Prince Edward Island for the Years 1869 & 1870.

School	Teacher	Pupils on Roll	Pupils Present	Pupils Average	Standing	Writing	Arithmetic	Grammar	Geography	Dictation	Miscellaneous	Remarks.
90 Lennox Island, Richmond Bay Feb. 14. 1870.	Martin Francis (Indian)	25	15	7	25 Remarkably good in Orally & knowledge of the Lessons.	13 Correct Plain Small & Neat.	6 In the Simple Table			13 Spelling Correct		This School reflects much credit on the industry of the Teacher, and the ability of the Pupils.

In his Synopsis, the Visitor thus expresses himself under the head of Indian School.

The School at Lennox Island under the charge of Martin Francis (Indian) as Teacher is doing well. There is no school in the County in which the Pupils have to overcome the obstacle of a foreign accent which is in such a satisfactory State. The Pupils are exceedingly apt, industrious, and intelligent. The building now used as a School House is the residence of the Teacher. The want of a proper School room is much felt by the Indian Community. These people feel very much interested in the education of their children, and I think if the Government were to build them a suitable School House it would stimulate them to greater exertions. W Bent McKeown School Visitor

RECEIVED
FEB 26
1874
OTTAWA

Charlottetown P. E. Island
21st February 1874.

Sir,

In further replying to your Despatch of the 10th January last No 2307 I beg leave to refer you to the accompanying paper marked A relating the distribution of the sixty pairs of Blankets recently received; and in reporting on the present condition of the Indian School on Lennox Island, I have in the first place to refer you to the accompanying papers & books upon the annual Reports of the Government School Visitors for the years 1869-70-71-72 relating to that School, marked P. E. I. B. The information therein embodied will I doubt not prove highly satisfactory and encouraging.

I

I am unable to add any other Report for the year 73. than what will be gleaned from the printed form marked R which is necessarily confined to a return for the quarter ending the 26th March 73, the School having thence to the end of the year and up to the present date been closed from causes however of a transient nature; the obstacles which have intervened will I hope be shortly removed, and the Children or pupils in a position to resume their attendance. It is but right and proper that I should here intimate for your information and that of the General Government that no permanent legal provision exists for the sustentation of this School either as regards the Master's Salary or otherwise, that Salary having been up to 72, met by a special Grant of the Legislature.

for the purpose, and that no further provision was made for this Object in its last Session than for the period ending the 1st. July 64/73. There is no other Indian School in this Province, but instances are not infrequent of Indian children deriving instruction at Ordinary District Schools, at various distances from Lennox Island.

I have to thank you for the interesting Report on Indian affairs of the late Hon. the Joseph Howe, to learn from his pen that "the crowning glory of Canadian policy in all times past, and under all administrations has been the treatment of the Indians," are words calculated not only to reanimate & invigorate the long depressed energies of the Indians of this Province but to stimulate the zeal of their Visiting Superintendent.

I have the honor to be
Sir
Very respectfully
Your Obedient Servt.
J. Stewart.

DEPARTMENT OF THE INTERIOR
OCT 1 1874
OTTAWA

Charlottetown P. E. Island
26th September 1874.

Sir,

Owing to absence from the City at and in connection with Lennox Island Indian matters, I did not receive your Despatch of the 9th instant No 3472 with an enclosed cheque for 120 $ to forward the expenses of School House at that Island until the 24th, for which I have to thank you, and now return the receipts, as desired.

On the occasion of my recent visit to the Teacher gave me to understand that it was his intention to re-open the School when the several families belonging to Lennox Island shall have returned thither from their

Charlotte Town.
Prince Edwd. Island.

Sept. 9. 1874

Sir,

I have to inform you in reply to your letter of the 4th inst. that the Asst. Sy of I. A has approved of the sum of $240 being placed at your disposal towards defraying the cost of erecting a school house at Lennox Island as recommended in your letters of 9th June and 19th August. A cheque for one half that amount ($120) is enclosed herein and the balance will be paid through your hands when the work is completed.

Duplicate receipts are also enclosed which you will please sign and return to this office.

With regard to your report on the conduct of the Teacher of the Lennox Island School I have to request that you will notify the present incumbent that unless he shews a proper interest in the work of instructing the Indian Children, his services will be dispensed with

Memo on 31/72

Mr Visiting Superintendent Stewart, in his letter of the 19th Inst, recommends that a proper Schoolhouse for the Indian Youth on Lennox Island, in the Province of Prince Edward Island be built with as little delay as possible, and that means be taken to provide a Teacher for the School in question to replace the present Indian School Teacher on that Island of whom Mr Stewart complains for "showing apathy and indifference in the matter."

Mr Stewart in a letter of the 9th of June last, in reply to an enquiry contained in a letter addressed to him from this Office on the 1st of that month, states that the cost of erecting a Schoolhouse on Lennox Island will probably be about $240.00, and that some of the Indians may be depended upon for contributing by labor towards the same.

It is respectfully recommended that the sum stated by Mr Stewart, viz $240.00 be appropriated towards the object in question from this year's Parliamentary Grant to the Prince Edward Island Indians - and that one half of that amount ($120.00) be placed in Mr Stewart's hands for this

forthwith towards the furtherance of the same and that the balance be paid also through Mr Stewarts hands on the completion of the building.-

With regard to the Teacher of the School it is respectfully suggested that Mr Supt Stewart be instructed to notify the present Indian incumbent, that unless he shews a proper interest in the work of instructing the Indian Children, his services will be dispensed with, and another Teacher employed.

His Teacher's Salary is £223 33/100.

Ottawa 21st July 1870

My dear Sir

Some time ago you wrote to the Dept. of the Interior asking that funds might be placed at your disposal to meet any emergency which might arise in dealing with Indian affairs in your Superintendancy.

Such a course would however involve the necessity of opening a personal account with you until the sums so placed at your disposal should have been accounted for and would unnecessarily complicate the accounts.

Therefore it has been decided that should occasion arise for the unforseen outlay expenditure of money on Indian account arise, it will be better for you to write to the Department stating the precise sum needed and for

Mem.

Mr Stewart's request is a reasonable one and, considering his distance from Ottawa and the probable consequent delay in obtaining funds in small amount when required, should, I think, be complied with.

If Mr Stewart will state, approximately, what sum will suffice for each quarter's expenditure, it could at once be placed to his credit to meet "Casual Expenses" in connection with the Indians of P.E.I. but such funds should be used with a due regard to strict economy and an account current of expenditure should be returned on the last day of each quarter except the June quarter, in which the account should be closed, and despatched (with a Cert of Deposit and Affr for what funds he may have in hand) not later than the 20th so that it may be received here in time to be included in the Public Accounts to the 30th Mr Stewart cannot pay his own salary out of this credit his salary will be sent from Ottawa each quarter

objects: a detail of the expenditure of these respective sums, will also be forwarded separately, or together with my general annual account which shall be prepared in due time. The impoverished and destitute state & condition of the Indians of this Province must be kept in mind, if, under Providence, I am to be humbly instrumental in laboring for their improvement; (Daily, and frequently hourly applications, are urgently made to me for relief which require to be met in one way or another.) The Cost of erecting a school house on Lemon Island would I apprehend be about £60; Labor contributions, might, I have no doubt, be depended upon from some of the Indians in the furtherance of this object, at the same time it would be necessary to feed them while so employed; as to money contributions, such source is out of the question.

I have the honor to be

Charlotte Town P. E. Island
23rd May 1874.

Sir,

I shall hope to be excused in reminding you of the fact that the seed time upon which that of harvest depends is postponing away, and in the absence of funds for Indian Requirements necessaries, I am, and have been sorely puzzled as to attempting to manage matters as to avert the consequences of a total neglect in supplying the Lennox Island Indians with potatoes to a limited extent as there were becoming scarce in portions of the County, and are now 3/ per Bush. I had no alternative but to seek accommodation through the Bank of P.E.I. by means of a private note with two Sureties, as Chief

for

for £20 equal to 64. Doll. 89 Cents, which has only partially met the wants in this particular item. You will please to recollect my having authorized to go to the extent of £100 Dollars towards relief of destitute Indians, and towards sustaining the interest of the pupils of the Indian School and that of their Parents in upholding the School, which had been temporarily closed from causes of a transcendental nature; With these objects in view, I incurred a debt with Mr. Calbeck of 43 Dollars & 20 Cents, for Homespun, and flannel, of Island manufacture, and personally & carefully attended to its distribution among the destitute; I also incurred a debt of 35 Dollars and 50 Cents with Messrs Clark & Doble at Summerside for Canadian Magazines, it being found impossible to provide any substitute for these while the parties who solicited them were in search of the last for us of which we

the cost of these repairs

Sept 11/91

Sir.

The school house on Lennox Island should be repaired, the plaster from the ceiling is falling in large peices, it was badly done. it was lathed so close that the plaster could not rivet inside, it is surprising that it did not fall ere this, the half, if not all, must be unlated and lath over again and plastered. For this the teacher will have to take a few weeks vacation in the month of october. If you will permit me to get this repair, I will get parties to do it at that time. it must also be shingled and painted. — that is the roof, and the wall white washed. Will it be better to hire by the day or give a job for those repairs. as to the shingling of roof Indians can do it.

Indian Office, Ottawa, 30th Sept. 1891

Dear Sir,

I here in enclose a letter which the Indians call a petition, send me a few days ago. They would wish to have the school house removed to the centre of the District. The children from the Cove have over a mile to walk to school, when the others have only half a mile. It would be better to have the schoolhouse in the centre, but it is not not an easy matter to haul the old school house now. I promised to send their Petition to your Department for advice on the matter. I would wish to hear from you on this matter before repairing the schoolhouse if it has to be removed it should be done soon. The Chief and people (Indians) living on the east and south do not wish to have it removed, so by removing it, will likely cause a little trouble with these. I think myself that for the present it is better to leave it where it is. But I shall act as prescribed by you Dept. in the matter.

I am Sir,
Your Obedient Servant
John D. Prenaulx
Indian Supt.

Courtenay Bay

A further information in the Chapel Question. As to the Location of the Parsonage House. As to the Chapel Land, and House the Indians wish to have on or near the Chapel Land, and have removed to the centre of the Reserve, so that it is nearer for all the Children to attend School.

Sir,

I have to acknowledge receipt of your letter of the 30th ultimo inclosing a petition from the Indians of the Cove Point asking that the school house may be removed to the centre of the District and stating that the Indians of the East and South do not wish to have it removed and in reply I have to inform you that in the absence of further information the Dept cannot decide as to the location of the School House. You should state if the present site is on or near the Chapel land

John A. Nicholson Esq.
Supt. of Education

Sir;— I inspected the Indian School on Lennox Island on August 20th since last inspected, a change of Teacher has taken place — Mr Casimer Poirrier who holds a Regular License granted by the Board of Education, being now in Charge. Mr Poirrier opened School on July 29th. At date of visit, the number of pupils enrolled was 42, and the number present 35, Classified as follows:—

5th Reader	4th Do	3rd Do	2nd Do	1st Do	Primer
3	4	3	6		8.

It is satisfactory to note the marked increase both in the enrollment and in the daily attendance under Mr Poirrier's management. A decided improvement was noticeable in all the Classes Examined. Chief Francis and several Indians were present at the Examination and expressed themselves well pleased with the work both of teacher and pupils. The Chief addressed the Scholars in Micmac urging the necessity of Regular attendance at School.

Since my last visit a new Black Board has been procured and several minor improvements have been effected. The furniture and apparatus can now be Classed as fair. The Plastering requires repairing and the Roof shingling.

63803

Father McDonald kindly permits Mr Lourier and family temporarily to occupy rooms in the Parochial House. The advantages of having a resident teacher on the Reserve being clearly shown by this report, I would strongly advise the Department to take into consideration the advisability of erecting a comfortable building for a teacher's residence as soon as possible. The Indians state that they will do the Framing, Roughing, Boarding and Shingling, and I believe that they would do their part in a satisfactory manner, as they now seem much interested in School work. By taking advantage of the assistance proffered by the Indians, I am of opinion that a suitable dwelling can be erected at a very reasonable cost.

I am Sir
Your obedient
Servt.

Egmont Bay P.E. Island 28th Oct. 1891

Dear Sir.

I have to acknowledge the receipt of your letter of the 12th instant. No. 82,438. In reply I beg to state that the present site of school house is on the Chapel-land a little distance about one hundred and fifty yards from the Chapel.

The children living on the south and east side of school house are 23 in number and 8 in the centre and 15 from the west. As to the remove of school house, it would be hard task to remove it, as it is large and heavy. I could not say the cost of removing it, between $25.00 and $30.00, and the breaking of plaster and other damages, probably aggregating to $40.00 /

MEMORANDUM.

To Deputy Minister

Department of Indian Affairs.

Ottawa, 3rd Nov 1891

Here are the Returns for December

Resd 6 NOV 1891

With ref to Supt Education Nicholson's letter of the 27th ult transmitting School Insp. Arbuckle's report of inspection of the Indian School on Lennox Island along with his application to $10.00 per each service I beg to state that the report shows the School to be in a healthy condition & prospering under the new teacher

The Insp. states that the plastering of the building requires repairing & the roof shingling. He states also that Father McDonald permits the teacher & family to occupy (temporarily) rooms in the Parochial House. The advantages of having a resident-teacher on the Reserve are he says clearly shown by the Insp's report. & he strongly advises the Dept to take into consideration the advisability of erecting a teacher's residence as soon as possible. The Indians state, he says, that they will do the framing, rough boarding

MEMORANDUM.

To Deputy Minister Department of Indian Affairs.

Ottawa, Nov. 19 1891

With reference to letter from Mr Arsenault of 20th Oct. I beg to report that in the matter of the petition for the removal of the School building to a more central position on Lennox Island that it is shown to be an old building, and therefore scarcely advisable to move it at all, and the distance the children have to come although great is not excessive and Mr Arsenault is also of opinion that it is better not to remove the building.

I respectfully recommend that Mr Arsenault be instructed to inform the petitioners who request the removal of the present building that the Dept. considers that the building being an old one it is not advisable to remove it as in a few years a new building will probably be required and in the event of a new building being erected its site should be carefully considered in order that it may be placed in as central a position on the Island as possible.

Sir.

I have the honour to acknowledge the receipt of your letter of the 19th ultimo No. 116737/5. In reply I beg to state that I had no direct authority from the Department to have the school house repaired. Some four years ago I reported to the Dept. some of the Government property which was in poor condition. I was instructed then to have it at once repaired. I thought that as the school house is government property that I was justified in keeping it in good condition. It was so cold last year that I had to pay $10.00 for fuel, so this year I gave the contract for $15.00. It had to be repaired but I should have informed the Dept. before to commence the work. I beg to be excuse for this time, in future I will ask authority when work will be required. At first I thought that it would not cost more than seven or eight dollars to repair it, but when Mr. Glover came we decided that it could not be made warm unless the inside porch or entry was taken away altogether, as it was impossible to make a good job of it. So it cost more than I expected.

Sir.

I have to acknowledge the receipt of your letter of the 2nd August No. 116737-6. In reply I beg to state that I do not know why Mr. Public School Inspector Arsenault has in his report suggested the putting of a storm door to the Lennox Island school. I have been at the Island since I got your letter I examined the door which is a substantial one, under the door the sill is worn out a little and that will have to be repaired for winter, and will not cost more than fifty cents, an outside storm door would cost about three dollars and would not last any length of time for it would be broken by the wind, I have not seen storm doors used in any of the public schools, it would be a lot of trouble to keep it closed during school hours on windy days, for small children could not close it when once opened, for it would have to open outside.

THIS LETTER HAS BEEN SENT OTTAWA 17th September 1895

Sir,

I have to acknowledge the receipt of your letter of the 9th instant relative to repairs required at the Lennox Island School; and in reply I beg to say that as a storm door would appear unnecessary, you may have the repairs required done to the sill which you report to be worn.

Your obedient servant,

Deputy Supt:Genl:
of Indian Affairs.

Authority Provided from Souris Roads Agent Prince Edward Island

Sir,

A Stove is required for the School on Lennox Island. The old one is not good enough to be put up even for a while. The Teacher put up one of his own, till I could get one. A stove will cost about $8.00 and a few joints of pipe will be needed, the whole amount will not exceed $10.00. Can I purchase one?

I am, Sir,
Yours Obedient Servant.
John R. Arsenault.

Wiggins Road P.E. Island 7/11/95

Sir.

It is very difficult in the winter to get water for use of the School and of the teacher. The Spring furnishing water in the Summer cannot be used in the winter, as it is at the shore at the base of a high bank and the drift of the Snow covers the Spring with about ten feet of Snow.

Reply Reminder

When water is required they have to go and buy it at one cent per bucket from an Indian who has a pump, this Charge amounts to quite a bill through the winter, that is for the teacher's house and the School house. Would it not be advisable to have a well Sunk for the use of the teacher and School house. I could get one sunk and a pump put in it, and the whole cost will not exceed $20.00 and if the yearly appropriation will not allow it this year - as a grain Store and Cellar have been made at considerable expense - the cost could be paid next July, the man sinking it will wait till then for his pay.

× + + + + + + + + + + + + + + + + + +

There will remain about $43.00, part of which if you will permit it, will be used in sinking a well for the use of Lennox Island School and also for the teacher, in winter he has to pay an Indian one cent for every bucket of water he takes in his well and this is quite an item during the winter, and in summer he gets water from a Spring at a long distance from his house, and a well here would be needed by all the Indians when they meet at St Anne's or at any other time - The cost will not exceed $28.00 & probably only $25.00 pump & all. I would kindly refer you to your letter of the 14th Nov. 1895 & mine of the 4th of the same month & year, referring to this matter.

I am Sir
Your obedient Servant

AU 27 1897

Sir.

As requested by a letter from the Department dated 14th November No. 116737. I bring before it the necessity of removing the school house to a more central place. There will be a three weeks vacation in October: and if the school house is to be removed, it would be the proper time to do the work. The floor has to be torn off, it is pretty well worn ~~off~~, and new sashes and frames has to be put in, and it must be shingled all over except roof, paper must also be put under shingles to make it warm. a new door and lock will be required I cannot make an estimate, but it must cost over $125.00 It is an old building and it must be repaired though it was not removed. I think there would be a larger attendance in the winter if the school house was about three quarters of a mile nearer the Cove, as the greater number of the scholars live in that Settlement.

Perhaps it will not cost more to pull it down to pieces and rebuild it on the spot, than to haul it, if remove by hauling, the plaster will fall off, and will require plastering as if torn to pieces to remove it.

I Am. Sir.

Ottawa, 28th August, 1897.

Dctd.

Sir,-

I have to acknowledge the receipt of your letter of the 21st instant, recommending that the School-house be removed to a more central place on the Lennox Island Reserve at an estimated cost of over $125; and in reply I beg to inform you that there is no money available for such a purpose and nothing can be done in the matter until the money is voted by Parliament.

It seems to the Department that the wiser course would be to erect a new building, using the material in the old in the erection of the new building, as it seems that the old building is much out of repair and will not stand removing. I have therefore to request that you will be good enough to submit to the Department an estimate of the cost of a School-house having sufficient accomodation for the pupils who may attend thereat, also a sketch showing the kind of building required.

Your obedient servant,

A. N. McNEILL

Assistant Secretary.

11673 7 5

Prince Edward Island Higgins Road
September 18th 97

Sir.

I have to acknowledge the receipt of your letter of the 29th ultimo No. 11673-5. referring to the building a new school house on Lemon Island. In reply I may say that I have lately seen a country school house built last summer and was informed by two rate-payers Messrs. Newcomb and L. Ellis. that the building cost $600.00 being 32 ft. long 22 ft. wide and 13 ft. post. but as the one proposed to built on Lemon Island need not be as large, would cost considerably less. I think a building such as would be required, viz. 26 ft. long 20 ft. wide and 13 ft. post should be built for $500.00 and be well finished and painted and underpinned with stones for that amount.

As to using the materials in the old building, only the boards could be used, for the posts and rafters are too short and could not be used. and to get at the boards, and pull out nails from them would cost nearly as much as to buy new boards. The old building would be very useful to the band for a hall for meetings. They have, as the Dept. is aware, organized a temperance society some years ago, and they hold their meetings in the school house, and it is in the proper place for such meetings: and the society has done a great deal of good among the Indians.

So if the Department was willing the old school house would be kept for that purpose. I enclose a sketch of building required, I cannot make a plan.

DEPT. OF INDIAN AFFAIRS
JUL 21 1898

Dear Sir.

I have to acknowledge the receipt of your letter of the 7th Instant No. 116734.—5 In compliance with the request contained therein I have obtained from Mr. Cyprien Gallant a plan and specification of the work, for the new school house to be erected on the Reserve of Lennox Island. which I forward to the Department for approval.

I am, Sir.
your Obedient Servant.
John D. Arsenault.
Indian Supt.

J. D. Mc. Lean Esq.
Secretary.
Dept. of Indian Affairs.
Ottawa.

Indian Affairs. (RG 10, Volume 6059, file 270-5, part 1)

116,737--5

Ottawa, 23rd July, 1898.

Sir :

I beg to acknowledge the receipt of your letter of the 16th instant, forwarding plan and specification submitted by Mr. Cyprien Gallant for a new school-house on Lennox Island to be built for the sum of $500.

In reply I beg to enclose herewith form of bond to be signed by Mr. Gallant and two sureties. I also return the plan and specification, which you should retain in your office for reference while the building is being put up in order to see that the work is conducted in accordance therewith.

It is observed that the dimensions of the building are not mentioned in either the plan or the specification. Although the number of ~~the~~ children on the roll of the present school is 32, the new building ought to be large enough to accommodate 50. The Department will, therefore, leave it to your discretion to decide and arrange with Mr. Gallant as to the dimensions.

The date when the building is to be finished is another point not yet decided. It is considered that the 30th September next would be a fair time to fix, but the Department will leave this matter also to your discretion.

As $500 is a larger sum than the Department has provided

J. O. Arsenault, Esq.,
Indian Superintendent,
Higgins Road,
Prince Edward Island.

provided for the erection of other school buildings, it is considered that this amount ought to include a suitable stove and such seats as may be required.

I have to request, therefore, that you will have the specification amended in accordance with this letter, and after Mr. Gallant and his sureties have signed the bond, return both documents to the Department for approval.

Your obedient servant,

(Sgd) A. McLean

Secretary.

P. E. Island. Higgins Road
28 July 1898

Sir.

I have to acknowledge the receipt of your letter of the 23rd Instant. No. 116,737--5. enclosing form of bond to be signed by Mr. Cyprien Gallant and Sureties, but the plan of School house and Specifications were not enclosed in it as stated.

As for the size of the building which was inadvertently omited to be mentioned by Mr. Gallant. I may say that the plan was a 1/4 inch to the foot. which gives 26 X 20 ft. I had some time ago. last year I think, given the size to the Dept. which I considered large enough and it was on this size that Mr. Gallant took the contract. It may be perhaps a little too large, but it is always good to have plenty of room.

As to the time of completion I would say 30th October. as three months would not be too long a time for building it. as there are a great deal of lost time in ferrying the materials across. As for a new stove to be put in by Mr. Gallant I might say. that a new stove was put in the School last winter, or the winter before, so no necessity of a new one. but I will get Mr. Gallant to do some extra work, & to remove the out-house, near the new schouse wich is built nearly a half a mile from the old one. (More in the centre.)

J. D. McLean Esq.
Secretary
Dept. of Indian Affairs

Ottawa, 4th August, 1898.

Sir :

I have to acknowledge the receipt of your letter of the 28th ultimo, returning bond and agreement for building the new schoolhouse at Lennox Island.

I return the document herewith, as the bond on the second page has not been signed by Mr. Callant. Be good enough to have him sign in the presence of two witnesses, after which the deed should be returned to the Department.

I now enclose specification and plan which, through inadvertence, were not transmitted with my letter of the 23rd ultimo.

Your obedient servant,

J. D. McLEAN

Secretary.

ACCOUNTANT SEP 8 1898 BRANCH.

Sir,

I have to acknowledge the receipt of your letter of the 19th Ultimo. No. 116737.....5 In Compliance with the request Contained there in, the work on the new school house is proceeded with rapidly. Mr. Cyprien Gallant the Contractor had all the Materials on the Spot on the 26th Ultimo. and three men are working at the building. Mr. C. Gallant would wish to have a payment now, if the Department can pay part at a time. The Materials he has now on the Spot Cost $164.00. besides the cost of taking it over there, which Cost a week of work three or four men and teams. The Dept. would be safe enough in sending Mr. C. Gallant a Cheque for $250.00, half of the Amount, and balance when completed.

He could hardly do without having a part to pay hired men. and for the Materials.

Sir.

I here in enclose account from Cyprien Gallant for building the school house on Lennox Island. It is nearly Completed, only a little painting to be done, and the seats to be fastened to the floor and this will be done before this letter reaches the Department. It is a fine school, built according to specification. The extra $ work I got him to do in the place of puting a new Stove was, the whole building was shingled with Cedar shingles instead of two walls in Spruce and Stove pipes required to put up Stove, and hauling out-building from the site of old School house.

The ceiling is made with kiln dried boards and boiled and varnished. it looks most beautiful Nothing has been Spared to make it warm as possible. paper has been placed all over the house between boards and shingles. no plastering all matched boards been used. It is indeed a beautiful building. built on a fine site.

Sir.

The old school house which was given to the Indians of Lennox Island for a hall, for Temperance meetings – which are held weekly – is not used now, they meet in the vestry which is a more suitable, and the building is now of no use to the Indians. would it not be advisable to give it to an Indian for a barn, an Indian (Frank Thomas) asked one for it He might pay a little for it, and that would go towards paying for a set of wheels which are absolutely neeeecsary for the horse-power. which was bought last year, when it has to be moved from barn to barn

Ottawa October 2nd. 1899.

Sir:-

In view of the report contained in your letter of the 5th. ultimo, I beg to inform you that you may allow the Indian Frank Thomas to use the old school house as a barn. When granting this privilege to Thomas, you should make him understand that the Department expects him to pay for the use of the same , and you should collect from him such sum as you consider he is in a position to pay. The money should be forwarded to the Department in order that it may be used in the manner stated by you, viz:- to pay for wheels for the horse power.

Your obedient servant,

Secretary.
