## Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's Historical language advisory page.

## Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. Pour en savoir plus, visitez la page Mise en garde – terminologie historique de BAC.

Ottawa, July 15, 1910.

Right Reverend Sir,

As you are aware the Department rents from the Church of England the building on the Moose Lake Reserve in which the school is conducted. Mr. Fischer, the Agent, reports that it is in a very delapidated condition and will need some repairs. The plastering has fallen down in places and several panes of glass in the windows are broken. In view of the fact that an annual rental is paid for this building it is considered that it should be put into proper condition and I have to ask Your Lordship to be good enough to take the necessary steps to have these repairs made.

The school house at the time of my visit was cold and miserable, the children were huddled around the stove for warmth, nothing has been done to this building in the way of repairs, nor any attempt to make it comfortable since last year, further than a coat of whitewash given the building last August. The building requires re-plastering, storm windows and the porch made tight and windproof, also the whole building banked up on the outside.

Very Reverend Sir,

Mr. Indian Agent Fischer reports to the Department that on his recent visit to the Moose Lake School he found the children huddled around the stove for warmth. He further states that nothing has been done to this building in the way of repairs or any attempt to make it comfortable since last year. The building requires replastering, storm windows and some repairs to the porch.

The Department would like you to see that these repairs are made during next summer if the school is to be continued in the building, otherwise the Department will have to withdraw the grant for rental.

Dear Mr. McLean,

I have opened, in his absence, your letter to Archdeacon Mackay, & beg to answer it — I do not at present know (or remember) what was demanded in your letters of Feb. 22nd & June 6th, but I think it was certain repairs (windows, plastering, &c.) to the building — I understand that what was asked has been done. I have just visited Moose Lake, & held services in the School-building on Sunday. I saw nothing requiring further doing, & I believe the teacher informed me that what repairs you required had been done. Mr Mitchell is doing capital work there, & deserves every encouragement — He is much interested in the work, desires the welfare of the Indians, is ambitious to acquire & apply the best method of teaching, & has the approval of the Indians.

Yours truly

I beg to apologise for my tardy acknowledgment of the receipt of your letters Re 119408/5 of June 6th, Aug. 14th and 26th ult. The first I received shortly before I left on a visitation tour of the Indian Missions and deferred a reply until I should visit the place referred to in your letter personally. The two last I received two days ago on my return. Sir,-

I beg to refer you to official letter of February 23rd, last, in which you were informed that arrangements were being made for the Indian children of the Moose Lake Band to attend the white school at that point. The Department has entered into an agreement with the Educational Department of the Manitoba Government to pay one-half the expenses of the teacher's salary and maintenance. This arrangement took effect from the first of January, last.

I have, therefore, to request that you will be good enough to inform the Church of England authorities that the mission chapel at Moose Lake, which was rented for school purposes, will no longer be required and that no further payment of rent will be made from March 31st, last. The church authorities have been paid in full to that date.

Sir,—

I have the honor to report that the Indians at Moose Lake Reserve have asked me if the Department would supply them with a bell for the school, one large enough to be heard half a mile away. A small church bell is what they require. They live from half a mile to one mile from the school, and they state that very few of them have clocks. The children are continually being late at school. I do not know what a bell would costs, as I could not get prices locally, but if the Department has supplied to any other point, they will probably know the price. I beg to recommend that the bell be supplied, if it does not cost too much.

*Sir,—*

I have the honor to enclose report of the teacher for March quarter for the Combined Indian and White School at Moose Lake, Man.

The teacher remarks on condition of the seats. They are pretty shaky all right, due as far as I can make out by the pupils shoving them around when they are called up for physical exercise, the seats being put to one side to make more room. I have a number of seats in the warehouse which I took over fromthe old Pas Day School, and after navigation opens I will send a few of them to Moose Lake to replace the broken ones down there.

This school is the best in the Agency.

Sir, -

I have to acknowledge the receipt of your letter of the 14th ultimo, enclosing the March quarter return of the combined Indian and white school at Moose Lake.

In reply I beg to say, with reference to the condition of the desks, it is noted that you will arrange as soon as navigation opens to have a number of seats in the warehouse at your Agency which you took over from the old Pas day school sent to Moose Lake to replace any broken ones there. This arrangement is approved, and it is hoped that you will be able to provide for the necessary seats at the Moose Lake school.

*Sir,—*

I beg to report that a further issue of biscuit will be required at this Agency, and I would be obliged if they can be supplied.

The biscuit estimated for Nelson House did not come to hand on account of the fire in Winnipeg warehouse, so I supplied them with biscuit I had on hand for Big Eddy Day School.

Big Eddy Day School shows an average attendance of 30 since we got a good teacher, and I will require about 1000 lbs for that place.

Moose Lake Day School was closed, but I have been instructed to reopen it, the numbers there will not exceed an average of eight. I will require 300 lbs for this place.

The total ammount is 1300 lbs estimated to March 31st next.

Sir;

I have the honor to report that on September 23rd I visited the Moose Lake combined Indian and white day school, being taught by the Rev. Mr. Waite.

There were 5 girls and 3 boys present. The School had been in operation for three weeks at the time of my visit, and was only getting nicely started.

The teacher asked me if the Department would pay him janitor's fees of $2.50 per month, as was paid previously; he also asks for ten pieces of lumber 1"X4"X10', which he will attach to the desks to make them movable to make room for the pupils when taking their physical exercise. He also requests putty, 1 tin, and glass 2 panes size 28 x 30. The cost of the lumber and glass should not exceed $6.00. I beg to recommend that it be supplied.

Ottawa, October 14, 1924.

Sir:

I have your letter of the 7th instant, reporting on your monthly visit to the Moose Lake combined white and Indian day school, which is being taught by the Rev. Mr. Waite. It is noted that the Indian pupils are making progress in their studies.

Regarding the payment of janitor's services, I beg to say that all this Department promised to provide was a tuition grant at the rate of $20 per capita per annum for the Indian children in attendance, payment of which is based on the average attendance as shown by returns which should be prepared by the teacher and forwarded through your office. Please state whether the provincial authorities contribute anything towards payment of janitor's services. I should also be pleased if you would state the number of white children, if any, enrolled.

You may purchase and have delivered the 10 pieces of lumber, 1"x4"x10', which the teacher requires to attach to the desks to make them movable and provide space for the pupils when taking their physical exercise. You may also purchase the putty required and 2 panes glass, 28 x 30. We note that the cost will not exceed $6.00. Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Dear Sir:

I would be obliged if the Department will send me some wool and knitting needles to be used in the Moose Lake School. I enclose a letter received from the teacher, which states she is willing to teach the children knitting. As I do not know what quantity the Department usually supplies I cannot make out a requisition, but can say there are about ten pupils in need of the supplies noted.

I have your letter of the 6th instant, enclosing a communication from the teacher of the Moose Lake combined White and Indian Day School, requesting that a supply of wool and knitting needles be furnished for the purpose of teaching knitting, etc., to the Indian pupils who attend.

In this connection I have to request that you will consult the teacher as to his requirements and you may purchase and forward approximately four pounds of knitting wool and a few sets of knitting needles. Please forward accounts, in duplicate, in the usual manner, covering the expenditure incurred in the purchase of the wool and the knitting needles.

You may inform the teacher that we will forward the classroom supplies such as text books, pencils, scribblers, etc., required for the use of the Indian pupils only, upon receipt of a requisition from him forwarded through your office for the articles necessary.

MOOSE LAKE PUBLIC SCHOOL.

This is a combined White and Indian school. It is under the Provincial Government, and the Indian Department pay $25.00 per capita for each Indian child in attendance.

Mrs. Parker is the teacher in charge. She holds her Second Class Professional and is doing splendid work. The Indian children present numbered 12, there being 5 boys and 7 girls. In addition to these there were 16 other pupils. The grades range from one to four.

The building is a frame structure and is badly in need of paint, both inside and out.

The classroom was tidy and all the children appeared clean and fairly well clothed.

I found the outside windows all on and the transoms above the windows nailed shut. I spoke to Mrs. Parker about this and she said it was very difficult to get anyone to do work about the school. I pointed this out to the Indian Chief and asked him to arrange with the fire ranger, who is the trustee, to see that the windows are fixed so that plenty of fresh air may be obtained.

Dear Sir;-

In reference to your letter #128-6-5 of the 14th inst regards ownership of the school at Moose Lake known as the Combined White and Indian School I beg to say that this building is owned by the Manitoba Government.

The school has not been inspected by the Manitoba Government Inspectors since it was opened years ago and is getting run down in appearance. At times we have supplied glass for broken windows needing repair and we have always supplied the desks when new ones were needed, but as it was not our building I spent no more than necessary on it.

The building is in fair shape except for need of paint.

Sir:

I have your letter of the 22nd instant, informing the Department that the school building used in connection with the Moose Lake combined white and Indian school is owned by the Manitoba Government.

As this building is badly in need of paint, both inside and outside, it is considered that you might suggest to the local trustees, or whoever is responsible, the advisability of making the necessary arrangements to have the building painted next summer. After you have had an opportunity to discuss this matter with the responsible parties, I shall be pleased to hear the decision arrived at regarding the carrying out of the painting of the building.

Dear Sir:

With reference to your letter No.128-6-5 of the 28th November, regarding repairs to Moose Lake school, I beg to advise you that the Manitoba Government have offered to supply the settlers of the Moose Lake district with enough paint to paint this building on condition that the settlers do the work. I also saw one of the school trustees and he told me that there would be no trouble in getting the school fixed up next Spring.

IN YOUR REPLY REFER TO

COMMISSIONER'S OFFICE,
W. REGINA, SASK., 19th June, 1930.

Sir:-

I have just received a letter from Mr. W. G. Tweddell, Indian Agent at The Pas, forwarding an account from Mr. T. Lamb, of Moose Lake, Manitoba, for provisions and material supplied by him to Indians and half-breeds for painting and general repairing of the Moose Lake School.

Mr. Tweddell knows nothing of the arrangements, but in his letter to the latter Mr. Lamb stated that the Manitoba Government supplied paint, linseed oil, turpentine, and brushes. Presumably, the Department has some arrangement with the Manitoba Government concerning the management of and repairs to this school, and I shall be glad if the Department will furnish me with particulars of these arrangements, so that, in future, I may know how to act in such circumstances. The account that Mr. Lamb has forwarded amounts to $19.50 and this includes an item of $1.00 for the purchase of 10 lbs. of nails. In addition to this it appears that this merchant also supplied 2 gals. of oil and 1/2 gal. of paint that was short and 150 feet of 1/2" V joint for flooring and repairing two closets. The charge for this is not stated, but Mr. Lamb wishes to recover it. Will the Department please inform me what disposition to make of these accounts and what instructions to give to the Agent.

Sir:

I have your 205-11A Gen. of the 19th instant, relative to a communication which you received from the Indian Agent at The Pas enclosing an account covering the cost of provisions and material supplied by the teacher of the Moose Lake Combined White and Indian Day School to Indians and half-breeds for painting and making general repairs to the school building.

In this connection I have to refer you to your letter dated November 7th, 1928, forwarding the report of Mr. Inspector Hamilton, in which he recommended that the school building be painted. This matter was taken up with the former Agent, Mr. Waddy, and he informed the Department that the building is owned by the Manitoba Government and that Government offered to supply the settlers of the Moose Lake district with enough paint to paint this building, on condition that the settlers do the work. It is thought that the account which you received should be forwarded to the Provincial Department of Education, Winnipeg. This Department only provides a tuition grant at the rate of $20 per capita per annum on the average attendance for the Indian children, and we are not responsible for any other costs in connection with the upkeep or running expenses of the school.

Dear Sir:-

I beg to report that I paid Treaty at Moose Lake on June 4th, as per schedule.

Albert Stagg old Chief resigned. Held election and ballot revealed a majority of one in favor of Philip Tobacco over Jacob Nasecapow. Declared Tobacco Chief. Instructed him in his new duties as per Indian Act.

A number of matters were discussed and settled.

After Doctor's visit to gouses he reported no sickness.

The school belongs to the Provincial.Govt. who furnished paint to paint the building. The Indians volunteered to do the work free, but asked me to request four windows 48 x 48, 20 lbs of 3" nails and a small amount of grub for the work.

Potatoes and garden seeds all planted and doing fine.

There is an island in Moose Lake, on which there is some very good Spruce timber, and the Indians would like to dispose of it. It would be necessary to look the timber over before passing an opinion on the matter.

Two cases of destitution were visited, and Special Rations asked for. John Miles 85 years of age and alone, also Jane Pashenose is in the same condition.

All of which I submit for your approval.

Dear Sir:-

I have the honor to report that the new teacher of the Moose Lake Day School has commenced to give the children a noon day luncheon for which he pays out of his own pocket.

This teacher cannot feed the children very long in this manner and I would be obliged if the Department could see proper to allow a grant to this school for lunch purposes.

What would be required would be 50 lbs rice, 25 lbs split peas, 25 lbs barley, 10 lbs salt, 20 lbs cocoa and 40 lbs sugar.

If this food is allowed it could be purchased at Moose Lake, thus avoid the cost of winter transport, and I beg to recommend it be allowed.

Mr. Christianson's Report on Schools in The Pas Agency:-

Dear Mr. Graham:

I have the honor to report that while in The Pas Agency recently, installing the new Acting Indian Agent there, I visited and inspected the Moose Lake Indian Day School and the McKay Indian Residential School.

MOOSE LAKE INDIAN DAY SCHOOL,-

The building is just off the edge of the Reserve and is the property of the Provincial Government.

At the present time the school is being taught by Mr. F. Lumb. I am quite sure that this young man is very much interested in his work, and he has the proper qualifications, having had normal training as well as having previously taught at the Gordon's Residential School.

There are 25 children on the register, and on the day of my visit, which was very stormy, there were 17 present,--12 Indian and 4 Halfbreed children. I might say there is quite a Halfbreed settlement adjoining this Reserve. Grades I to IV are being taught at this school at the present time.

This being the first time I have visited this school I do not know what progress the children have made, but I am quite sure that the present teacher will meet with splendid results if he remains there.

I do not know what the arrangement is between the Department and the Province of Manitoba, but as I have stated above

MOOSE LAKE INDIAN DAY SCHOOL, (Cont'd).-

stated above, the building is owned by the Government and was no doubt built to enable the Halfbreed children to get an education. However, I presume that at the time the building was erected, some agreement was entered into between the Manitoba Government and the Department of Indian Affairs. The building itself is in a fair state of repair, and last summer it was painted inside and out by the Indians and the trader who lives right near the school, the paint having been furnished by the Provincial Government. There were several panes of glass broken and the holes patched up. The desks were in very bad shape, but these could be fixed up with very little difficulty. However, a new stove is very urgently required in this school, the sides of the one now in use having caved in from long use and over-heating. The hinges are broken off the door, and it would be practically useless to repair this, as the front is also burnt out. I t will be readily seen that it is very difficult to keep the building warm with a stove of this kind. Moreover, it is not safe to put on a very big fire. Not knowing what the arrangement is I cannot say whose place it is to furnish the stove, but in any event, the McLary's Camp Comfort Wood Burning Stove would meet their requirements satisfactorily.

I have the honour to enclose herewith a report of an inspection made by Mr. Christianson at theMoose Lake Indian Day School and MacKay Indian Residential School, The Pas Agency.

Moose Lake Indian Day School

I know little about the a rangements between the Department and the Manitoba Government regarding the management of this school, or who pays Mr. Lumb's salary and what authority this Department have to go in and give instructions to the teacher. It is also not known who is responsible for the upkeep of the school. You will note that a stove is badly needed. Whether this is to be supplied by the Manitoba Goernment or the Department, I do not know. Evidently the school and the desks are in bad repair.

Dear Mr. Williams:-

This school was inspected on September 16th, 1932. It is operated by the Provincial Government, and the teacher in charge for the coming year is Mr. Newton. He is a qualified teacher and will, I think, obtain good results.

There are 11 Indian children attending, and I understand the Department pay $350.00 per annum towards the upkeep of the school. The children are arranged in grades from one to four, and appear fairly well along in their respective grades. Mr. Lumb, who was in charge of this school last year, did excellent work, and as a result, a big change is noticeable among the Indian children. Biscuits are supplied to the children for lunch.

The building is in need of some repair, but this, of course, rests with the Provincial authorities.

Oct. 13, 1936.

Dear Sir,

I would like to call your attention to the school building of the Moose Lake Day School.

The building is in very bad condition, quite a number of windows are broken and other repairs needed. The teacher, the Rev. A. Scrase, spent $30.00 recently, out of his own funds to purchase lumber and material for desk and forms. He wrote to me to see if there was no way in getting a refund of this expenditure.

I wrote to the Provincial Department of Education about the matter and they refused to do anything about the repairs, as they stated they paid part of the teacher's salary and it was the trustees duty to keep the building in repair. The school is in an unorganized territory and there does not seem to be any method of taxation arranged for school purposes, consequently there is no money available for repairs.

There are about 15 Indian children attending this school, a number of half-breeds and one or two white children. I am anxious to get the building repaired and keep it in repair, as the condition it is in now, is bound to affect the health of the Indian children. I would like to know what action I can take to get these repairs done.

A 350

EX'D.

Ottawa, October 23, 1936.

Dear Sir:

The Department is in receipt of your letter of the 13th instant, with reference to repairs required at the Moose Lake School.

This building is not the property of this Department, and we are, therefore, not prepared to authorize any expenditure in repairing it.

As far as we know, the Moose Lake School is the property of the Provincial Department of Education, and possibly it would be advisable for you to again write them and inform them that, as the school is in unorganized territory, no method of taxation is arranged for school purposes and, therefore, there is no money available for repairs.

Yours truly,

A. F. MacKenzie,
Secretary.
