Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's Historical language advisory page.

Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. Pour en savoir plus, visitez la page Mise en garde – terminologie historique de BAC.

Elkhorn, Manitoba,

Hon. Robt. Forke,
Ottawa, Ont.

Dear Sir,-

Re Lots 9-10-11 in Block 2 and
Lots 1 to 8 in Block 3, Village of Elkhorn.

I am instructed by the Council of the Village of Elkhorn to ask your assistance in obtaining an adjustment of title to the above lots.

This property, the former site of the old Indian School Buildings which were destroyed by fire, was sold by auction in 1914. Purchasers paid a small deposit at that time and were assessed the following year and since, as owners. Unfortunately, no taxes have been or are being paid and as the Village is unable to obtain title through Tax Sale, on account of it being still Crown land, arrears of taxes are fast accumulating and are shown each year in the Audit as an asset.

The position has already been brought to the attention of a Government Lands Inspector but without result.

The desire is that relief be obtained by action on the part of the Department to re-possess these lots thus allowing them to appear on the Assessment Roll as exempt.

Any personal assistance you can extend the Council in this matter will be greatly appreciated.

Yours truly,

Charles W. Crosby,
Clerk.

My dear Colleague.-

I have received your letter of the 7th instant, inclosing one from the Secretary-Treasurer of the Village of Elkhorn, Manitoba, requesting an adjustment of title to Lots 9, 10 and 11, in Block 2, and Lots 1-8, in Block 3, in the Village of Elkhorn.

I am advised by the officials of the Department that these lots, together with certain others immediately adjoining, were re-possessed by the Department in 1924, and as they have not since been re-sold, the Municipal authorities would be warranted in recording them on the assessment roll as exempt from local taxation.

Dear Sir;

I have recently been thoroughly over the farm owned and operated by J.P.Leslie, namely the north half and south west quarter of section five in township twelve and range twenty eight, and the north east quarter of section six in the same township and range. The farm is in a very good state of cultivation, and reasonably clean.

Mr Leslie is anxious to dispose of his holdings, and for cash will sell the section for $14000, and could give possession at any time, and in the event of a sale Mr Leslie would of course be given a month to vacate.

Mr Leslie prefers to sell the whole section because his buildings are on the three quarters of five. However if the section is too much land for you to handle he would sell the three quarters of section five for $10,800, or $22.50 per acre.

Should you desire any more information in regard to this farm I will be pleased to submit it at any time.

Dear Sir:-

During the recent visit of Dr. Duncan C. Scott, the question of more land for this School, was mentioned.

Dr. Scott suggested it would be wise to secure the help of a disinterested party to approach Mr. Leslie with reference to the sale of his farm, which joins the present School farm. With this in view, I consulted Mr. John T. Frazer of Elkhorn, and asked him to interview Mr. J.P. Leslie.

I herewith enclose two letters, one from Mr. Frazer, the other from Mr. Leslie to Mr. Frazer. Will you be good enough to let me know if I am in order by sending this to you, or should I send it direct to Ottawa?

Again thanking you for your kindness and interest.

I have the honor to be, Sir,

Dear Mr. Scott:-

I am enclosing herewith some correspondence that I received from Rev. F. Eley, Principal of the Elkhorn Indian Residential School, which I thought you would like to see. Is there anything you wish me to do in connection with this matter? Is there any likelihood of the Department buying this land? If not, at the present time it will not be necessary for me to send an Inspector down to look it over. There is no doubt in my mind that they require additional land at the Elkhorn School, but it may be impossible to have an amount inserted in this year's Estimates to provide for the purchase.

Kindly return the enclosed letters.

Department of Indian Affirs,

Ottawa, Ont.

Dear Sirs; Rec J.P.Leslie, n.e.section 6, and north half and S.W.5-12-28.

Some time about October the Ist last year I secured from Mr Leslie a cash price on this land, and the same was sent to your office. At that time Mr Leslie gave an option on this land till I Dec, last, and this is just to tell you that you can have until the I of next December, but Mr Leslie would like to know what the prospects are of his farm being taken over by your department, I presume that you are aware that the S.E.quarter is now owned and operated by your department through the Elkhorn Industrial School.

Mr Leslie has owned and operated the other threec quarters of section 5 for years, and his farm is a bargain at the price quoted. The farm would undoubtedly go well along with the quarter you now operate on the same saection.

Mr Leslie has now arranged to put his crop in this year but should you care to take it over now, or with crop that he puts in arrangements as to that can be made.

I would be obliged if you would give me some idea as to what the prospects are of the Department taking this farm over. It would certainly work in well with what you now have, and the farm is in a very good state of cultivation, and there is lots of water and abundance of it, and there is also situate thereon a good house and barn, and the place is well fenced.

Yours faithfully,

Dear Sir: Re: Grant for Hay Land at Elkhorn School.

In the list of requirements submitted by our Society last autumn to your Department for inclusion in your estimates for the current year, special mention was made of the need of hay and grazing land for the Elkhorn School. When the Deputy Superintendent General visited this School last year, his attention was directed to this urgent need, and he informed the Principal that he would endeavour to have it supplied. As our Commission are now facing the question of an adequate hay supply for this School for next winter, I shall be glad to know if the additional land is being provided.

As the haying season has arrived, and until the additional land has been provided, I shall be glad to know if your Department will authorize the rental of a section of hay land near the School, in order that the work of putting up hay may be begun at once. In a letter just received from the Principal he writes on this subject, in part, as follows:-

> "With reference to rental of Section 17 for hay land. During the past three years we have put up hay on different places on a two-third share basis. For instance, last year we put up and hauled home our hay a distance of 5 - 6 miles. In addition to the amount brought home we had to leave a large stack in the field as payment. This year we have very few large boys left in the School

and being also handicapped, as you know, by not having a sufficient number of horses, the hay proposition is going to be a difficult one."

With regard to Section 17 he states that it can be rented for the sum of $50.00 and as the hay land which the School had last year is not again available, he recommends the rental of this Section, and I shall be obliged if you will let me know at your earliest convenience if your Department will agree to this arrangement, and meet the rental charges.

I have the honour to be, Sir,

Ottawa, July 20, 1928.

Sir:

The Department has received a communication from Rev. Dr. Westgate, Field Secretary, M.S.C.C., relative to obtaining an adequate hay supply for next winter's use at the Elkhorn Indian Residential School. I enclose herewith, for your information, an extract from Dr. Westgate's letter, from which you will observe that Section 17 can be rented for the sum of $50, and as the hay land which the school had last year is not again available, he recommends the rental of Section 17. I shall be pleased if you will enquire into this matter, and if you consider that it would be advisable to comply with Dr. Westgate's request, the Department will approve of your arranging for the rental, for the sum of $50, for the present season only, of the hay land mentioned. If you obtain this land, you may forward a voucher, in duplicate, when considered timely, for the amount due, which should not exceed the sum mentioned. We are informing Dr. Westgate that this matter is being referred to you.

I may add that no decision has been reached with reference to the advisability of purchasing more land for this institution.

Your obedient servant,

A. F. MacKenzie,

Hon.Robt.Forke,

Dear Sir:-

Re Lots 5 to 11 inc. in Block 2, and
Lots 1 to 8 inc. in Block 3
Village of Elkhorn -

I am instructed by the Council of the Village of Elkhorn to ask your assistance in obtaining an adjustment of title to the above lots.

This property, the former site of the old Indian School buildings which were destroyed by fire, were sold by auction in 1914. Purchasers paid a small deposit at that time and were assessed the following year, and since, as owners. Unfortunately, no taxes have been or are being paid and as the Village is unable to obtain title through Tax Sale, on account of it being still Crown Land, arrears of taxes are fast accumulating and are shown each year in the Audit as an asset.

The position has already been brought to the attention of a Government Lands Inspector but without result.

The desire is that relief be obtained by action on the part of your Department to reposses these lots, or give title to the Village, thus allowing them to appear in the Assessment Roll as exempt.

Any personal assistance you can extend the Council in this matter will be greatly appreciated.

Yours truly,

Charles W.Crosby, Clerk.

Dear Sir:-

Re Lots 5 to 11 inc. in Block 2 and
Lots 1 to 8 inc. in Block 3
Village of Elkhorn

I beg to enclose herewith a copy of a letter to Hon.Robt. Forke on March 3rd., 1927 - with the request that your Department will at once advise us in the matter.

All this property was sold for arrears of taxes in 1917 and application for title made - in error - the property being Crown Lands.

The lots are situate on Railway St. and are of no value for business or residential purpose. We are showing each year in the Audit as an asset, arrears of taxes on this property which we cannot collect, and the same applies to our Assessment Roll which gives an assessment total altogether misleading.

If your Department would either re-possess or give title to the Village, proper adjustment could at once be made and this land placed where it belongs, in the exemptions from taxation.

Again humbly soliciting your Department to take such action as will at once remedy this false situation in the financial records of the Village,

Sir,-

I desire to acknowledge the receipt of your letter of the 12th instant, addressed to the Minister of Crown Lands, Ottawa.

With regard to the several lots in Blocks 2 and 3 in the Village of Elkhorn, to which reference is made in your communication, I may say that the attached copy of a letter, dated March 14, 1927, addressed by the Honorable the Superintendent General to Honorable Robert Forke, M.P., Minister of Immigration & Colonization, will explain the attitude of this Department. These lots as well as others immediately adjoining were re-possessed by the Department in 1924, and have not since been re-sold. They should not, therefore, be carried on your assessment roll as subject to taxation.

Enclosure.

Sir:-

The question of additional hay lands for the Elkhorn Indian Residential School will have to receive immediate consideration by the Department. This school, as you are aware, has not sufficient land, and I do not know that the Department is prepared to buy land at the present time, but I have asked the Principal to locate a quarter section that could be leased. He now advises me that a quarter can be obtained for $50.00, from which they should be able to put up 100 tons. I do not think we should lose a minute in acquiring this land.

Dear Mr. Scott,-

Rev. F. Eley telephoned this office yesterday regarding a tennis court for the school. He has been trying to make a grass court but without success and he now wishes to make a shale one. A farmer living five miles from the school has a splendid shale court and he will let Mr. Eley have all the shale he requires without any charge. The only expense would be the hauling and it would probably take 12 loads at $2.00 a load.

I would receommend that this expenditure be authorized as it would be a good thing for the pupils to have a tennis court at this school.

Yours very truly,

MEMORANDUM RE LANDS AT THE ELKHORN
INDIAN RESIDENTIAL SCHOOL.

In 1891, the Department purchasedfrom the Rev. E. F. Wilson, for the purposes of the Elkhorn Indian Residential School, Lots 4 to 11, in Block 2, and Lots 1 to 8, in Block 3, Plan 2939, town of Birtle. (Abstract of Title entered under 314.) The purchase price was $1,548.64. This was the site of the first school which was burned in 1895. Before rebuilding, it was decided to secure a better site.

On October 6, 1898, an Order in Council set apart Sec. 35, T. 11, R. 29, W. P., for the purposes of the Indian Industrial School at Elkhorn. This section had been relinquished by the C. P. R. for this purpose - the consideration being other lands. It was in error that this section was set aside for the Indian School. It was acquired for a trade with a Mr. Wilcox, who owned land which was suitable. P. C. 2914, of December 30, 1898, rescinded the earlier O. C. and set apart, under Sec. 31, of the Dominion Lands Act, -

(a) The S. W. ¼ of Sec. 4, and the S. E. ¼ of Sec. 5, T. 12, R. 28, W.P., excepting 4-1/5 a. in Sec. 4 which comprised the C. P. R. right of way.

(b) Lots 1, 2 and 3, in Block H. and all of Blocks K. & L., in the town of Birtle.

The certificates of Title for the parcels in A. and the deed for the parcels in B. were forwarded to the Interior Department with our 116823 of October 31, 1898 (Interior Dept. File 178746). The parcels mentioned in A. had been owned by W. J. Wilcox, who was given a patent, by the Interior Department, to Section 35, which had been inadvertently set apart. The town lots mentioned in B., which are the actual site of the school buildings, were a free gift from the town of Birtle or the C. P. R., or both, on account of the location of the Indian School at Birtle. These town lots were deeded on July 7, 1897, to the Federal Crown and were included when the Department of the Interior set apart lands for the school. It later developed that there had been a misunderstanding regarding the trade with Wilcox, and a Mr. Cushing, who acted for him, having pointed this out, received a special payment of $506.50 in lieu of the fact that the original town lots, which were purchased from Wilson in 1891, were not deeded to his client.

Order in Council of May 5, 1904, approved of a trade between the C. P. R. and the Department, whereby the N.½ of L.S. 14 of the N.W. ¼ of Sec. 33, T. 11, R. 28, W.P (20 acres) was given to the Department for the purposes of the Elkhorn School, for a consideration of $150, and for 4.28 acres in the S.W.¼ of Sec. 4, T.12, R.28, which was deeded to the C. P. R. as a gravel pit. A description of this gravel pit will be found on this file.

In 1901, it developed that the old town lots, the site of the original school, were not really required any longer. O. C. of April 23, 1906, authorized the Superintendent General to dispose of these lots. They were advertised for sale in January, 1913, and were sold by auction on April 21, 1917. The sale of Lot 1, Block 3, was cancelled and the land resumed by the Department, and on November 27th, 1924, the sale of Lots 2 to 8, Block 3, and Lots 5 to 11, Block 2, was cancelled and the land resumed by the Department. (The sale of Lot 4, Block 2,

was completed and the land patented to the purchaser in August 1921. (19675).

On October 22, 1919, the property of the Elkhorn Industrial School, excepting those lots in Blocks 2 and 3 (which the Department was trying to sell) was transferred by the Department of Indian Affairs to the Soldier Settlement Board by Order in Council. The property was as follows:-

(a) The school farm, containing 311.52 acres, comprising the south east quarter of Section 5, township 12, range 28, west of the 1st meridian (160 acres); and the south west quarter of section 4 of the said township 12, range 28, 160 acres less 4.20 acres for Canadian Pacific Railway right of way through the said south-west quarter of Section 4, and less 4.28 acres for gravel pit for Canadian Pacific Railway in the north-east corner of said south-west quarter of Section 4 described in Order in Council dated the 5th day of May, 1904, (151.52 acres);

(b) Site of school buildings, containing 45.32 acres, being all of blocks K and L (K containing 9.28 acres and L containing 32.04 acres), and Lots 1, 2 and 3 in block H (4 acres), in the town of Elkhorn; and -

(c) Hay land, containing 20 acres, being north half of legal subdivision 14 of Section 33, township 11, range 28, west of the 1st meridian.

P. C. 1165, of April 7th, 1921, returned the property mentioned in the preceding paragraph to the Department of Indian Affairs for Indian school purposes.

Ottawa, March 4, 1932.

Sir:

I wish to refer to my letter of May 29, 1928, concerning the property holdings at Elkhorn village of the Indian Residential School there. In my letter I gave you the lots and blocks on which the school buildings are situate, but I omitted to mention that this Department still has title to Lots 5 to 11 in Block 2 and Lots 1 to 8 in Block 3, Plan 2959, containing 1.55 acres.

Reverend Sir:

I have to inform you that Lots 5 to 11, in Block 2, and Lots 1 to 8, in Block 3, Plan 2939, Town of Elkhorn, containing 1.55 acres, are still in the name of His Majesty as represented by the Superintendent General of Indian Affairs. In 1917, these lots were sold at auction but the sales were cancelled for nonpayment and the land resumed by the Department. I understand that these are not required for the purposes of the Elkhorn Indian Residential School, and it is proposed to sell them, if suitable arrangements can be made. I write to enquire if these lots are at present vacant. You might look over the property and let me have a report.

For your information, I may say that these lots were the original site of the school buildings which were destroyed by fire in 1895. The lots in question were purchased in 1891, from the Reverend E. F. Wilson.

RE: RENTAL HAY LAND FOR 1932.

Dear Sir:-

Other years you have kindly assisted us by paying for the rental of Hay Land. Hay will be very dearce in this district this coming winter and a high price.

Mr. E.A.Bates, farmer, living seven miles North East of Elkhorn, has offered me a ¼ section of his farm in order to cut hay. After a very careful inspection I find it will be possible to cut approximately forty five loads of hay. This has been offered to me for the sum of seventy dollars, which is very reasonable compared with the rental of other hay lands to-day.

I shall appreciate very much if you will be good enough once again to give this matter your kind consideration.

Reverend Sir:

I have your letter of the 5th instant, requesting that the Department provide the sum of $60.00 to pay for the rental of a half section of hay land for the use of the Elkhorn Indian Residential School.

In reply I have to say that our Appropriation this year has been considerably reduced, and I regret, therefore, that it will not be possible to grant the funds required to pay for the rental of this land. It is considered that the school authorities should provide the amount necessary from their farm receipts, per capita allowance or other sources.

Dear Sir:

I wish to refer to Department Letter No. 106-0-9A dated March 4th and to say the town lots at Elkhorn are of little value. There has been no building at this point for many years and no prospect of building in the immediate future.

Mr. Stirling operates a grain elevator and wishes to lease part of our land directly across the road. He is desirous of erecting a mill for chopping feed grain. He has promised to submit an offer hoping the Department will allow him to pay one-tenth cash and balance in nine equal payments, Interest at rate of 5%.

As soon as I hear from Mr. Stirling I will communicate further with the Department. I consider it more advisable to sell the land if a reasonable offer can be obtained.

Dear Colonel Pridham:

The writer is enclosing a copy of a letter forwarded by this office to your Deputy Registrar at Brandon and a reply thereto dated July 7th.

I have not a copy of your Real Property Act before me but from memory I would doubt the soundness of the position taken by the Deputy Registrar at Brandon. It runs in my mind that there was an amendment to the Real Property Act back about 1935 or 1937 which provided for the filing or lodging of a Crown grant in a registry office subject to application by the grantee for a certificate of title which would issue as a matter of course on payment of a fee of three dollars.

It would be appreciated if you would advise the writer on this point, and to that end we will hold the grant here before complying with instructions from your Brandon office to forward it direct to John L. Sterling the grantee.

With kind personal regards,

Dear Mr. Allan:

I have your letter of the 10th instant enclosing letter of your Department dated 30th of June and copy of letter from the District Registrar at Brandon to your office dated July 7th.

Your mind is evidently relating back to the time when you were connected with the Department of Mines and Natural Resources of this Province. The Real Property Act provides by Sec.28 thereof, for the issuance of a certificate of title upon the registration of a Patent issued by the Minister of Mines and Natural Resources of the Province of Manitoba, the Patentee paying a fee of $3.00 for the bringing of the land under the Act and the new certificate of title. This provision, however, relates solely to the Patents from our own Provincial Minister of Mines and Natural Resources.

It is suggested that you send the Crown Grant in question to the Grantee and let him attend to the application for title. There is apparently nothing on the Patent to indicate its value, therefore the District Registrar at Brandon was unable to give an estimate of the fees required for the service.

Sincerely yours,

Registrar General.

EAP.

Best of luck as you in the Provincial Land Titles Office. I may be out of the Chair for a while from today! Minnie

Dear Mr. Hoey:- Re Road Survey at Elkhorn

I am advised by our Acting Principal that Government surveyors have been working on the school property, making a preliminary survey for improvements to No. 1 Highway. It is claimed that the proposed road will cut right across the school garden, within 50' of the residence.

I have taken this matter up with Inspector Hamilton who has no further information beyond the fact that a preliminary survey is being made. As the location of this school is difficult enough at the present time, in view of its proximity both to the railroad and the highway, we feel that energetic protests should be made against any change which would virtually leave it sitting on the highway. With all the open prairie to deal with it should surely be possible to carry this highway further away from the school instead of cutting across its very garden.

I trust that it may be possible to make strong representations in the proper quarter so that the interests of the school may be safeguarded in any action that is taken.

Thanking you, I remain,

Yours sincerely,
H.a. Alderwood.

EX D.

Dear Sir:

I am enclosing herewith a copy of a letter received by this Department from the Reverend H. A. Alderwood, D.D., Secretary of the Indian and Eskimo Residential School Commission of the Church of England in Canada. The subject matter of this letter, you will note, is self-explanatory.

It would be appreciated if I could have from you an expression of opinion in respect to the contemplated change of the highway, to which Mr. Alderwood refers. It has occurred to me that should it be decided to construct the highway through the school property that an opportunity would be given this Department to present its case. Incidentally, I might add, the Elkhorn School is a Government-owned institution and the school lands are, of course, Crown property.

Yours very truly,

Acting Director.

Dear Sir:

I have your letter of the 3rd instant with copy of letter dated January 29,1945, from Reverend H.A.Alderwood, Secretary of the Indian and Eskimo Residential School Commission of the Church of England in Canada, regarding a survey made for a road at the Indian School near Elkhorn, Manitoba.

We had run a survey in this area in the early part of this winter for the purpose of obtaining information. No plan has been made for the location of the highway at this place and you can be assured that no steps will be taken in this regard unless the matter is laid before you for consideration.

We are also making a survey for a road on the north side of the track and there is a strong possibility that the road will be constructed on this latter location rather than on the south side of the track.

I enclose a letter from the Manitoba Power Commission together with easement forms and maps.

I have no map showing the land owned by the Government in connection with the Elkhorn Residential School; consequently from the sketches I cannot locate the school buildings.

The present power line ends at the School and I understand the Commission wish to extend this line. No doubt in surveying for the extension across the School property the line would be located where it would cause the least trouble and where the least damage could result either to the School buildings or the childrem. They are anxious to proceed with the work and would appreciate having the easements forms returned as soon as possible.

Dear Sir:

We have received application from Mr.W.J.Phillips at Elkhorn, Manitoba, to extend a line to him.

The planned route would necessitate our covering a mile and a half of the Indian School property at Elkhorn. We have been given to understand that one mile of this is pasture land and one-half mile of the line would be built along the caragana hedge row on the south side of the southeast section.

We would appreciate receiving from you permission to build across this property, as it is the only feasible route to build to Mr. Phillips' farm.

For your convenience we are forwarding a form which we have to cover easements of this nature. We enclose a stamped addressed envelope for your reply.

Dear Sir:-

Your inquiry of November 14th concerning Lots 9, 10 and 11, Block 8, Village of Kikhorn is acknowledged.

While the lots are listed in our records as open for sale, the only valuation which we have of them was made over twenty years ago, and before we can give consideration to your application, it will be necessary that we secure an up-to-date appraisal of the lots.

We are asking our agent for the district to secure the same and on its receipt will advise you further.

Yours truly,

W. Young, Esq., Indian Agent, GRISWOLD, Manitoba.

We are in receipt of an inquiry from C.C. Dahl, Elkhorn, Manitoba, regarding Lots 9, 10 and 11, Block 2 in the Village of Elkhorn.

On reviewing our records we find that the above lots were part of the old residential school, were declared surplus to the need of the new school, and were sold at auction in 1914 but the sales were cancelled for non-fulfilment of the conditions about 1921.

The lots are therefore open for sale but as the only valuation we have of the same was made prior to 1914, we have no idea as to what price should be asked for the lots at this time. I would therefore request that at your convenience you visit Elkhorn and ascertain what a proper price would be at this date. For your convenience I would advise that these three lots were each valued at $100.00 at the date of the auction sale.

It appears that we have various other lots in the town unsold and you might indicate whether there is any possibility of disposing of them at this time for our files indicate that they have earned no revenue for over twenty years.

Re your letter File 116823-28 dated January 5th, 1946:

I journeyed to Elkhorn yesterday and looked over the lots mentioned in your letter.

Elkhorn is a small village and these lots have 33 ft. frontage. Lots 9, 10, & 11, Block 2 are assessed for $ 495.00. The Municipal Clerk told me that their assessment was high, as lots have been selling in the village from $20.00 up. I do not feel that their value has increased any of late years. Lots in small towns in Manitoba are hard to sell. If a buyer wanted these lots badly enough he might pay $100.00 for them.

The other property owned by the Department are Lots 1 to 8 inclusive, Block 3. They are facing the railway and might be suitable for a warehouse. The Municipal Clerk advised me that he did not believe there was much chance of selling these lots at the present time.

In 1942 I completed payment on village lots in Elkhorn Manitoba purchased from Dept in 1937. My 1942 payment was $100.00 and I need a receipt for this as income tax department wont allow it as deduction without receipt. I have written your dept. on two occasions asking for this but have had no reply to date. If you dont see fit to forward a duplicate receipt as requested I will be compelled to write the Auditor General as I dont intend to pay an extra hundred dollars in income tax.

He hoped to acquire this by effecting a trade with village authorities, those lots we hold in the village to be the consideration.

He said that the Village council seemed prepard now to go ahead with the deal.

Mr. Allan's letter of Jan. 5. 1946 stated this Branch wished then to dispose of these lots.

I have for acknowledgment your letter of August 25th, your file 209-6, with reference to unsold lots in the Village of Elkhorn.

The lots in question were part of the old residential school but were many years ago declared surplus to the needs of the school and some of them were sold at auction in 1914, the sales being subsequently cancelled for non-fulfilment of the conditions. The lots for which the village has enquired are open for sale and, according to the old appraisal on file, Lots 9, 10 and 11, Block 2, were valued at $100.00 each; Lots 1 and 2, Block 3, at $75.00 each; Lots 3 and 4, Block 3, at $60.00 each; Lot 5, Block 3, at $50.00, and Lot 6, 7 and 8, Block 3, at $40.00 each.

In 1946 we received an enquiry from a resident of the Village with reference to Lots 9, 10 and 11, Block 2, and at that time asked Indian Agent Young to visit the Village and look over the properties. He did so and I am enclosing herewith a copy of his letter of January 17th, 1946.

It appears rather obvious that we have little chance of selling the properties at the old appraisal and it is almost impossible to say what the proper value of the lots is at the present time. In fact it might be said that the true value is what we can get for them. Under the circumstances, while keeping in line with the original appraisals, I would suggest that you advise Mr. Webster or any interested party to make an offer for the lots. While we

The Superintendent.

Ottawa,

Dear Canon Cook;

Re: Renting acreage

I acknowledge your telegram of yesterday's date, and note that you have the authority to lease the land.

There are now three applicants for same:-

Mr. Walter Miles of Elkhorn, a single man, who has farmed for several years in this district, would like to have the land and one of the cottages for one, or more years, he offers terms of one-third share of grain grown and one-third of hay he can put up. He has very good horses therefore would want barn space. I understand that he would make a good occupant. He wants to hear from you as to details of a lease.

Mr. Thomas O'Greysik would put in the breaking and summer-fallow on a one-third share. I understand he lives on a farm East of Town and farms a half of the Section adjoining our West quarter.

Mr. Frank O'Greysik phoned to Mr. R. S. Davis yesterday morning asking if he could rent the land with buildings and a cottage. At noon Mr. Davis phoned me to enquire what was happening here. He asked whether the land belonged to the Affairs Br. or to the Church, and said he would make enquiries. He told this man O'Greysik to come to see me. This he has done, and on the advise of Mr. Davis I wrote down O'Greysik's proposition, a copy of which I enclose. I have made enquiries regarding the O'Greysiks and reports are unfavourable; that this last mentioned would be undesirable about the School and buildings. He mentioned that the space of this farm yard would suit him for his machinery business, he is away much of his time in the Trucking Line.

I have briefly outlined the leasing situation to you, and ask you to decide as to which of these men you will lease to.

Yours faithfully,

Dear Colonel Neary:

Leasing of land, Anglican
Indian School, Elkhorn

Further to Canon Cook's conversation with you on 23rd April and with reference to our telephone conversation this morning, I send you herewith (as you requested) a copy of a letter dated 24th April received from our Principal at Elkhorn this morning.

Following our agreement that, because of the complications introduced through desire of some applicants to use certain school buildings during the term of lease and because of the fact that our interest in the property will cease when the school closes whereas the crop will not be harvested until some time later, it now appears desirable that your representative handle any land-leasing proposition at this school, I have wired our Principal as per copy attached.

Yours truly,

G. R. Turner.

GRT/PAL
Encl.

P.S.--Apart altogether from the matter of disposal of buildings by War Assets after the School is closed, it obviously would not be in the interest of the School to have lessees occupying school buildings or using school grounds for machinery, etc., yards during the School term. It is suggested, therefore, that any lease arranged be confined strictly to use of the farm land for cropping purposes.

Please find hereunder self-explanatory correspondence from General Turner concerning the leasing of the land at the Indian Residential School at Elkhorn. Originally it was intended to have one of these three applicants put in a crop and allow a share to the Department or to the Indian School Administration.

I feel that a lease of this nature might unduly complicate the disposal of the school but am unaware naturally if there is any other complication in these requests. You might like to discuss this matter with me.

The land acquired for this school is divided into three distinct groups according to the purpose it was required for:

(1) School Farm - 311.52 acres - consisting of SE 1/4 of 5-12-28 and SW 1/4 of 4-12-28 excepting from latter 4.28 acres to CPR for gravel pit given by P.C. of May 5 1904

Re: Elkhorn Residential School.

I have for acknowledgment your Army signal messages of April 28th and May 6th regarding the leasing of the farm lands formerly used by the Elkhorn Residential School.

The lands in question are public lands of the Dominion of Canada which by Order in Council were transferred to the former Department of Indian Affairs for the purposes of the Industrial School. Now that the School will be giving up the use of these lands on June 30th next, the question arises what use is to be made of the lands.

If the land is required for any Band of Indians we could seek authority to have the same set aside as a Reserve for such Band, but due to the location of the lands and their small area, it seems very unlikely that they would prove of much use to any group of Indians. Certainly, we could not justify setting apart the land as an Indian Reserve simply with the object of leasing it and crediting the revenue to the fund of any particular Band. However, if you had in mind establishing some Indians thereon, we would be prepared to consider any suggestion to that effect that you care to make.

If the land is not to be used for Indian Reserve purposes, then the normal course of action would be to declare the land surplus for residential school purposes and have our Minister transfer jurisdiction thereover to the Lands and Development Services Branch of this Department for such disposition as they may care to make of the same. If the land is so transferred, then it would be within the jurisdiction of the Lands and Development Services Branch to determine whether the land should be leased.

May we have a report from you regarding the establishment of the land as an Indian Reserve at an early date.

I have for acknowledgment your memorandum of April 30th in the above matter, and note that the school will cease to operate on June 30th next, and that it is your intention to proceed to declare as surplus the buildings and such area of the school lands as is not required for Indian purposes.

You will note that in our letter of May 6th, we advised Mr. Davis that the Department had no jurisdiction over leasing the school lands, and that unless he was prepared to recommend that the said lands should be set aside as a Reserve for any group of Indians, jurisdiction over the same should be transferred to the Lands and Development Services Branch for such disposition of the lands as the said Branch consider advisable.

PERSONAL AND CONFIDENTIAL.

May 20, 1949.

Dear Mr. Davis, -

I have for acknowledgment your letter of May 17th concerning the Elkhorn Residential School.

The disposition of this building will be by the Lands and Development Services Branch of this Department, and the Indian Affairs Branch will have no say in its final sale or disposal.

We will advise you when these buildings are declared surplus, and I would then recommend that you have a councillor of the town of Elkhorn write to the Lands and Development Services Branch and indicate their interest in the use of these buildings.

As you are aware, the M.S.C.C., is removing such desks and furniture as it requires to other Anglican residential schools. You should be able to see Canon Cook about this when he visits Elkhorn on June 1st. You can then decide the disposal of the furniture which is not required by the M.S.C.C. No doubt the desks, etc., can be shipped to other Indian day and residential schools.

With regard to the land, I am advising Mr. Allan that all the land owned by the school is not required for use as Indian reserves or otherwise and can be transferred to the Lands and Development Services Branch along with the buildings.

I understand that the only building about which there is any doubt is the hen house. Canon Cook advises that the M.S.C.C. spent a considerable sum in adding to this hen house two years ago. It might possibly be to the advantage of all concerned to have this hen house turned over to the M.S.C.C. for sale locally, in return for their waiving an equity in this building.

I have advised Mr. Allan also concerning the cemetry, and you will be receiving another letter from his concerning this. Is there a land surveyor in Elkhorn who could do this work immediately? If so, wire Mr. Allan to this effect.

The information contained in the body of this letter was prepared by Colonel Neary, who is, of course, in complete accord with the instructions indicated above. He informs me as well that there never was any idea of these buildings being handed over to the Knights of Columbus to be used as an Old Folk's Home.

I am marking this letter "Personal and Confidential", as it is not really an official letter, and in any reply you may make to it which you wish to be considered official, it should not be mentioned.

Kindest personal regards,

Yours sincerely,

Dear Ford:

I cannot just recall your official title. Anyway, doubtless you are familiar with the school situation in Elkhorn and the requests being made by the citizens who all appear very reasonable and ready to cooperate. If the wishes of the Elkhorn people can be met I would be very glad. It is a desirable community and yet because of their situation it has never been possible to do anything worthwhile for them as a community, I am therefore just writing you a line to express the hope that they may be generously dealt with when the occasion arises.

Dear Mr. Matthews:

I have for acknowledgment your letter of May 20th with reference to the school situation at Elkhorn and disposition of the land and buildings following the closing of the school on June 30th.

As neither the land nor the buildings will be required by the Indian Affairs Branch, the disposition of the said lands and buildings will be within the jurisdiction of the Lands and Development Services Branch of this Department, and we have already advised our regional supervisor of Indian Agencies for Manitoba, Mr. R. S. Davis, to suggest to the officials of the town of Elkhorn that they get in touch with the said Branch and indicate their interest in acquiring the former school buildings. As you know, Mr. R. A. Purchased from W. M. Cawley Elkhorn Dec 1/20

Re; The Residence

I acknowledge your enquiry of June 10th; received today.

I have conferred with the Sec'y of the Village of Elkhorn in order to substantiate what I knew to be the position, and for your clearification would reply:-

The Principal's Residence, not a "Teachers Residence" also the main School building and the old Power House with Pump Houses by the side thereof are situated in Block "L" of the Town site, owned by the Department, Indian Affairs Branch. The boundry of the quarter Section on which our barns are situated, S.W.¼ 4-12-28.W.1 apparently comes through the site of the old class rooms and the red gate to our barn yard.

I trust this gives you the information you require. I have not a suitable photo to illustrate the boundry of the Quarter and Town Site. However the point in mind seems to be of ownership, The Town Sec'y informed me that the Indian Affairs Br. owns the Site of the buildings.

The Principal's Residence, not a "Teachers Residence" also the main School building and the old Power House with Pump Houses by the side thereof are situated in Block "L" of the Town site, owned by the Department, Indian Affairs Branch. The boundary of the quarter Section on which our barns are situated, S.W. ¼ 4-12-28 W. 1 apparently comes through the site of the old class rooms and the red gate to our barn yard.

I trust this gives you the information you require. I have not a suitable photo to illustrate the boundary of the Quarter and Town Site. However the point in mind seems to be of ownership, The Town Sec'y informed me that the Indian Affairs Br. owns the Site of the buildings.

Yours sincerely,

DEPUTY MINISTER'S OFFICE

WINNIPEG

June 17th, 1949.

Dr. H. L. Keenleyside,
Deputy Minister,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Dr. Keenleyside:

It has been brought to the attention of our Department of Industry and Commerce that the Indian Residential School in Elkhorn, Manitoba, has been closed, and that the buildings housing the school are to be disposed of by your Department. At the request of residents of Elkhorn, our Department of Industry and Commerce is endeavouring to locate manufacturers who may be interested in securing the use of these buildings.

The Indian Affairs Branch in Winnipeg informs me, however, that all heating and other equipment will be removed from the building at the end of June. It would appear that the buildings would be much better suited to manufacturing purposes if the present equipment were to remain installed. The Department of Industry and Commerce would be reluctant to take any further action with respect to locating other individuals interested in using the buildings unless it had some reasonable period of time in which to work.

It is possible that the efforts of this Department may result in either the sale or rent of the premises to some interested party. For this reason it would be of considerable assistance if removal of the equipment were to be delayed for some weeks.

Should it be possible to delay action, I would be grateful if you would give some indication of the length of time which you could allow the Department in order that examination of the possible uses of the buildings and negotiations for their occupancy could be carried on. Departmental officials feel a minimum of five to six weeks would be necessary if this were possible without causing any inconvenience to your Department. I should

point out that our officials are not particularly optimistic with respect to the prospects of finding an industrial use for these particular buildings but are of the opinion that a reasonable effort should be made.

I would appreciate any comments you would care to make regarding this matter.

Dear Mr. Stephens:

I have for acknowledgment your letter of June 17, 1949, regarding the Elkhorn Indian Residential School.

Perhaps I should say at the outset, that the disposal of this school has been the subject of correspondence between the Minister of Health and Welfare of Manitoba and the Honourable Stuart Garson, Minister of Justice, and our own Minister.

This school has not been closed, but shall cease to operate as an Indian Residential School at the end of the current school year, that is, June 30th, next; following which, the buildings and lands comprising the school unit will be declared surplus by the Indian Affairs Branch and transferred to the Lands and Development Services Branch of this department, for such disposition as the Government may consider advisable. It is not the intention of this department to dismantle the buildings, nor to remove permanent fixtures such as the heating plant. The Indian Affairs Branch intends, however, to remove to other schools all the desks and such other equipment as may be required.

Yours very truly,

Deputy Minister.

EXTRACT from a Report of the Committee of the Honourable the Privy Council, approved by His Excellency on the 30th December, 1898.

P.C. No. 2914. - - -

On a Report, dated 27th December, 1898, from the Minister of the Interior and Superintendent General of Indian Affairs, submitting:-

1st. That by Order in Council of the 6th October, 1898, Section 35, in Township 11, Range 29 West of the 1st Meridian, was set apart for the purposes of the Indian Industrial School at Elkhorn, in the Province of Manitoba.

2nd. That the Indian Commissioner, acting in co-operation with the School authorities, has arranged with Mr. William J. Wilcox of the village of Virden, in the Province of Manitoba, to exchange the said Section 35 for lands which are considered by the said Commissioner and the School authorities to be more suitable for the purposes of the school, and which lands may be described as follows:

The South-east quarter of Section 5, in Township 12, Range 28, West of the 1st Meridian, and the Southwest quarter of Section 4 of the same Township and Range, saving and excepting therefrom the four and one fifth acres of land comprised in the Canadian Pacific Railway right of way.

Re: Elkhorn Indian Residential School.

The above mentioned school situated on Public lands of the Dominion at Elkhorn, Manitoba, ceased to operate on June 30th last, and the lands and buildings are no longer required by this Branch for school purposes. In accordance with previous arrangements made between our respective branches as concerning disposal of former residential school lands, our Minister has signed an Order transferring the management, charge and direction of the said lands and buildings to your Branch. I am enclosing herewith original of the said Order, and a copy of P.C.1165 dated 7 April, 1921 whereby the said school lands, totalling 376.84 acres and described in Schedule "A" attached to the Minister's Order were transferred from the Soldier Settlement Board to the Department of Indian Affairs for purposes of the said school.

It is thought advisable to bring to your attention that during the operation of the school by the Anglican Church authorities, a cemetery was opened in the south west corner of the south west quarter of 4-12-28-W 1st M. In the beginning, we were somewhat concerned as regards the future care of this cemetery and discussed with the Anglican Church authorities

the possibility of the local Anglican Church taking over the care and upkeep of the cemetery, and I am enclosing herewith correspondence on the subject. It was subsequently decided that as this was not Indian Reserve land, the cemetery was not in effect an Indian burial ground, but rather an Anglican Church cemetery, and it is not considered that this Branch is responsible in any way for the perpetual care of the cemetery.

Since the closing of the school on June 30th we have had a caretaker in charge of the buildings. His employment by this Branch will cease on August 31st, and it is assumed that you will arrange to take charge of the buildings by that date.
