Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's Historical language advisory page.

Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. Pour en savoir plus, visitez la page Mise en garde – terminologie historique de BAC.

November 24th. 1942.

re: Marjorie Modeste, Age 14 years.
Pupil of St. Catherine's School, Roll No. 10.
on Quarterly Report dated May 30th. 1942.

Sir:-

The above girl did not return to the above school when it opened on the 1st. ultimo and on asking the reason of her father, Tommy Modeste Cowichan Band, he informed me that she had ran away from home and gone to her uncle who was living at Nanaimo, where he was employed. The father asked me if I would allow her to go to the Kuper Island school as he could not handle her and she simply would not pay any attention to what he told her. I explained to the parent that this state of affairs was his responsibility and that I would not advise her transfer to a Residential school for such a reason. As the girl did not return within a reasonable time I gave her name, along with many others, to the R.C.M.P. as truants and they in turn advised the parent that she would have to attend school or he would be charged in Court for failing to have her do so.

Yesterday, we (the Police and I) found out that the girl has been employed in domestic service in Nanaimo, B.C. being employed in a very fine household. Her employer asked me if she could continue in his service as she was very happy and contented. After consideration I decided that she might do so until I referred the matter to you for a ruling. Since then th question has been discussed with the Principal of the school who informs me that Majorie is quite a big girl for her age, and has a will of her own, and if she is suitably employed in a good home the education she would receive there might be just as beneficial as if she was at school, particularly as there is a strong possibility that even we did bring her back she would only run away again at the first opportunity and her next job could quite easily be the very opposite to what her present one is. Personally, I quite agree with this reasoning and feel that under the circumstances it is definitely in the interests of the girl to remain where she is. I happen to know the people for whom she is working and they will see that the girl behaves and is not permitted to go out at nights. I would therefore recomm that this girl be excused from school so long as she stays in here present position.

Yours obediently;
R.H.Moore.

Memorandum:

CHIEF TREASURY OFFICER

Re: St. Catherine's Indian Day School, No. 807.

In accordance with our new salary schedule, the Department has reclassified the teachers of the above school as follows:-

1. Sister Mary Sheila, Principal, Grade I, at salary of $1,980.00
2. Sister Mary Eugenia, Teacher, Grade I, " " " 1,120.00
3. Sister Dorothy Marie, Teacher, Grade I " " " 1,120.00

To replace Sister Mary Walter who resigned recently (our memorandum of August 11), the Department has appointed Sister Mary Charles Anthony as a Grade II teacher at a salary of $1,500.00 effective 1 September, 1947. As a member of a religiious Order, she is exempt from income tax deductions. Staff questionnaire for Sister Anthony is attached.

ST. CATHERINE'S INDIAN DAY SCHOOL

Dear Mr. Neary:

I am grateful for your letter of September 9th assuring us that the Department has accepted Sister Dorothy Marie as class teacher on a full time basis at St. Catherine's Indian Day School, Duncan, B.C.

You say you are awaiting an answer to your letter of June 4 concerning salary schedules and certification before setting the salary rates for the teachers at St. Catherine's. Sister Mary Dorothea's letter of June 14th which was intended as an answer to the letter you mention stated that some of our teachers in your schools had made application for Teachers' Certificates for the Province of Quebec. We are happy to say that progress is being made in this matter, but licenses will not be issued, I understand, until the close of the current scholastic year, May, 1948.

The teachers of St. Catherine's have completed forms last May indicating their present educational and professional status. These you must have in hand. Since the Quebec certificates are not immediately forthcoming, I presume that the salary rating will be set for the year 1947-48 on the record of training and experience which you hold. It is unfortunate that the excellent work being done by our Sisters in the Indian schools, as attested by the inspectors' reports, must be subordinated to the holding of certain certificates, but since the salary schedule is set on the basis of professional training, as shown by certificates, plus experience, I presume the grading will be as follows: 1947-48

Sister Mary Sheila	-Grade I Principal plus Exper.	salary	$1740 ?
Sister Mary Eugenia	Grade I Teacher	"	1120 ?
Sister Dorothy Marie	Grade I "	"	1120 ?
Sister Mary Charles Anthony	Grade II Teacher (accepted)		1500

I trust this answers your present questions satisfactorily. We shall be happy to advise you further when further details are available regarding the adequate certification of our teachers.

Yours sincerely,

Sister Mary Ludovic

Dear Mr. Neary:

We regret to inform you that Sister Mary Walter, Bell, has been withdrawn, at least temporarily, from the position of teacher of Primary classes in St. Catherine's Indian Day School, Duncan, B.C., on account of ill-health.

We therefore respectfully propose and nominate Sister Mary Charles Anthony, Carey, for the position thus left vacant.

Sister Mary Charles Anthony holds a Second Class Teacher's Certificate for the Province of British Columbia, and has seven years of successful teaching experience, both outside the convent and within the Community. She has secured 8½ units of credit for British Columbia Summer School of Education courses having attended the 1945 and 1946 sessions.

The salary expected would be that stated in the salary scale for teachers holding like qualifications.

Sincerely,

Sister M. Lucovic

St. Catherine's Indian Day School

Reference your 3-11-2 of July 26 -

We are prepared to pay for an extra teacher per annual average attendance of 30 students. This fact has already been pointed out to the Principal of the above school. Our records show the attendance at this school to be as follows:-

1945-46 Academic Year		1946-47 Academic Year	
September 1945	- 25.7	September 1946	- 39
December 1945	- 71.52	December 1946	- 75
March 1946	- 72.7	March 1947	- 77
June 1946	- 58.77	June 1947	- 52
Annual Average	57.1	Annual average	- 60.7

However, the enrolment at this school for the 1946-47 academic year has been as hereunder:

September	- 49
December	- 98
March	- 102
June	- 99

In view of the peculiar conditions which exist in this area, we are prepared to pay for an additional full-time classroom teacher, as recommended. However, it must be understood

MEMORANDUM.

To: Commissioner of Indian Affairs for B.C.
From: Inspector of Indian Schools.

Re - St. Catherine's Indian Day School.

The provision of full time Manual Training and Domestic Science Teacher at this school will not relieve to any appreciable extent the overcrowding in the Junior and Intermediate rooms unless a platoon system is employed, which is not altogether satisfactory for the Primary and Intermediate grades. The organization sheets show that approximately 1/3 of the pupils' time from Grades 4 to 8 was devoted to Vocational Instruction. This limits considerably the time devoted to academic fundamentals and should not be increased.

I recommend that an additional full time classroom teacher be employed and that the room at present used for sewing be converted into a classroom. This involves moving the equipment to the cooking room in the basement, and equipping the classroom with desks.

An alternative plan is to employ the specialists on a full time basis and to decrease the size of the groups in these classes. The various grades would then have to be organized on a platoon system. This alternative is recommended only if it is impossible to secure a classroom teacher. Apparently this was the plan the Reverend Principal had in mind in asking for the full time employment of the Vocational Training Teachers.

Dear Mr. Hoey,

I would like to take this opportunity of stating how thoroughly and well adapted to the Indian child's life, are the new report cards.

We have shown them and explained them to the children and they are most enthusiastic.

Having received them so late in the school year we presume that you intend us to start using them with the new school term. We are anxious to make results.

The Indian School Bulletin is of inestimable value both as to its instructions on school

Where ever a "?" appears - I cannot state a definite time. A study of the attached time table will show that grades 5-6-7 received daily vocational instruction. Gr 5 full time academic teaching. The morning subjects did not vary. The afternoon subjects had to be correlated both for teaching and written work. The teaching being given where the need arose.

During the vocational instruction period (10:45-12:00) I and the Junior room teacher had to try and supervise her class pupils who were doing written work as she was also the domestic science teacher of grades 5-6-7 at that time. I was trying to prepare an 8th grade for High School.

As you see we had to adapt our time and selves to cope with the situation. (one we found very difficult) Hence it is out of the question for me to set down every specific hour on every subject.

I am enclosing Mr. Indian Agent Moore's letter of May 20th and communication from Sister Mary Shelia, Principal of the St. Catherine's Indian Day School referred to therein wherein she asks that consideration be given to the employment of a Home Economics teacher, reference Mr. Neary's letter of October 28th, 1946, (file 152-22-1 W.T.) on a full-time basis.

School Inspector Davey had an opportunity of discussing this matter with the Rev. Sister recently, his memorandum in this connection, together with the Reverend Sister's letter of July 4th, being forwarded herewith. You will note that on the basis of an anticipated enrolment of at least 113 Inspector Davey considers that the employment of four full-time classroom teachers would best meet the requirements of the school rather than extending the time of the Home Economics and Manual Training teachers, but that as he did not have an opportunity to review the organization sheets of this school which were prepared for the school survey and forwarded direct to the Department, he is unable to make a definite recommendation. If the Department does not wish to make a decision with respect to the staff requirements at St. Catherine's school without the Inspector's report I would suggest that the organization sheets be forwarded to this office for review by Major Davey.

MEMORANDUM

To: Indian Commissioner for B.C.

From: District Inspector of Indian Schools.

I refer to the application of the Principal of the St. Catherine's Indian Day School for placement of the Domestic Science Teacher on a full time basis, which is contained in her letters of May 17 and July 4th.

It is to be noted that the Reverend Principal anticipates an enrolment of at least 113. On the basis of the regulation for Provincial Schools this would warrant the employment of four full time class-room teachers without reference to the number of specialists on the staff, and I believe that the requirements of the school would be better served by the provision of such a teacher rather than extending the time of the two specialists.

The Department has the organization sheets of this school which were prepared for the school survey, and a final decision on this matter should be based on a consideration of these. Unfortunately these forms are not available for use in this office.

St. Catherine's Indian School
Duncan, B.C.,
July 4, 1947.

Major R. F. Davey,
Inspector of Indian Schools,
Box 70,
Vancouver, B.C.

Dear Major Davey,

RE: 1947 - 1948 enrollment

We anticipated an enrollment of 113 not taking into account pupils who may come to the day school instead of returning to residential schools, two families of the district, one with three children attending the Esquimalt school last year, the other with four children who have been nomadic during the past year, back and forth to U.S.A. I may add that there are four beginners that may be added to our list if parents return to Duncan.

The Domestic Science teacher has four classes daily. If classes have to be readjusted, as we think they will, for there will be 41 pupils in Gr. I alone, 45 in the intermediate room (Grs. II,III,IV) and 27 in the senior class comprising Grs. V, VI, VII, VIII, then there will have to be five classes of domestic science. There are 20 girls in the senior group and most that can be handled in one senior class is 12 pupils, as there are only 3 machines and all the senior girls are capable of cutting and making dresses. One ½ hr. is required for the supervision of preparation of cups and hot cocoa drink for the noon hour. Sister therefore teaches 5 hours a day totalling 25 hours per week. I may add that Sister does any First Aid work plus dressing of sores betwen the visits of the nurse.

The Manual training instructor who is now working on a ½ day basis will have to be subject to the same regime if things are to work harmoniously. Otherwise the girls of a grade will be out of the classroom and the boys in, leaving a divided grade, the girls being handicapped academically.

Ten pupils are the most that can be accommodated in the woodwork room at one period, but twelve make up the largest class.

Under the above plan children unable to progress academically can be given extra vocational training enabling them to return to their environment better equipped to raise their standards of living.

Mr. R. H. Moore, IndianAgent,
Indian Office,
Duncan, B. C.

Dear Mr. Moore,

Last October the Department allowed us a part-time Domestic Science Teacher.

To keep the classes uniform it has been necessary for her to work in unison with the manual training instructor. At each change of class the boys of the grade go to woodwork while the girls go to sewing.

Thirty-nine pupils comprise the Domestic Science classes. There are two class in the morning from 9:30 - 12:00, two in the afternoon from 1:00 - 3:00. This arrangement provides also for pupils who are too old or under-talented to progress far in academic work to get extra vocational work to fit them for a profitable after life.

Since for the betterment of school and pupils the Domestic Science Teacher has had to give full time. (I would refer you to the time table submitted to the Educational Survey Dept. to see what we have been and are up against) could it not be considered that she be put on full time pay-roll.

I would appreciate an answer to this letter before the close of the school term so that the authorities of the Sisters of St. Ann can be informed before the reappointment of the Sisters for another school term.

I pointed out our predicament to our school inspector, Major Davey, when he was with us.

Very truly yours,
Sister Mary Sheila
Principal.

Qualifications of Teachers - St. Catherine's Indian Day School

Attached please find a letter which is self-explanatory and which has been received from the Prefect of Studies of the Provincial Administration of the Sisters of St. Ann.

In the Province of Quebec there are four types of teachers certificates. The superior's certificate referred to is better than the first class certificate of the Province of British Columbia. Comparisons are difficult but the Provincial Department of Education has given information which would indicate it is equal to a junior high school teachers certificate.

Dear Mr. Neary:

This is to answer you letter of some days ago, addressed to Sister Mary Sheila, S.S.A., Principal of St. Catherine's Indian Day School, Dunwan, B.C., and to give you the information required concerning the certificatio n of teachers in our Indian Schools.

The Teacher Training Certificate and the Diploma of Pedagogical Qualifications issued by the Teacher Training Department of the University of Montreal - and held by several of our Sisters - are recognized in partial fulfilment of requirements for the TEACHERS' SUPERIOR DIPLOMA. This latter is fully recognized as teacher certification by the Department of Education Quebec.

The Sisters concerned at our Indian Schools at Kamloops, Mission, Kuper Island and St. Catherine's, Duncan, are making immediate application for the SUPERIOR teachers' Certificate - fully recognized in the Province of Quebec - and will, no doubt, be able to present such credentials before the close of the coming school year.

Trusting that this will be satisfactory, I remain,

Dear Sister Mary Sheila:

We have received applications for classification on the Indian School Teachers' Salary Schedule, from Sister Mary Walter, Sister Dorothy Marie, Sister Mary Eugenia and yourself.

Your attention is drawn particularly to item No. 47, sub-heading 5, of the April issue of the Bulletin. You will note that for classification as a Grade 2 or Grade 3 teacher, we require a teacher's certificate issued by a Provincial Department of Education.

We have many teachers in our schools who have had long terms of teaching. However, we specifically require a certificate granted by a Provincial Department of Education. Can you please inform me whether the pedagogy course conducted by the University of Montreal is recognized by the granting of a teacher's certificate from the Province of Quebec.

Mr. H. H. Moore, Indian Agent,

Dear Mr. Moore,

I am enclosing with the Returns a letter which I hope will make clear the situation I hurriedly tried to explain when in your office last week. I am sending two copies, asking you to please forward the second one to Ottawa, that they too may study the matter.

The attendance question of St. Catherine's School has been a "bone of contention" since its inauguration on January 8, 1940. Since every question concerning the school seems to be based upon the "Average Attendance" of the quarterly returns it seems to me that this method does not do us justice considering the question from different angles.

As an example to prove the above statement:
Room "Two" or Grades 3, 4 and 5 had 15 pupils registered at the opening of school, against 22 at the end of the month.

The average attendance for 15 pupils was 14.7
" " " " 22 " " 17.5
lowering the average 4.5 against .3.
The per cent attendance for 15 pupils was 98.2
" " " " 22 " " 71.3
leaving a drop of 26.9

Pupil No. 3 has 6 days to his credit out of 19
" " 6 " 2 " " " " " " 19
" " 5 " 2 " " " " " " 19
" " 10 " 3 " " " " " " 19
" " 22 " 8 " " " " " " 19

Dividing the aggregate attendance by the number of days school was open means that there are 74 out of the 95 days that cannot possibly be accounted for because how can a child be in school when he is not even in the country? Then again, how is it fair

Indian Affairs. (RG 10, Volume 6387, File 807-1, part 3)

www.collectionscanada.gc.ca

to judge the attendance by the above method when the late comers depreciate the average to such an extent.

Another point is the changing back and forth from schools. Pupils 5 and 6 registered September 27th, remained 6 days--4 of which will tally in on the next quarterly. The family has gone to Esquimalt to work in the canneries. They expect to be gone for three months, returning for the dance season. Hence their 4 days present will bring down the average for the next quarter and their absence is unavoidable.

Again, when a pupil reaches 16 he leaves school regardless of the time of year.

Take the April, May and June returns for the same room, (Sister Mary Eugenia, teacher)the number of pupils registered was 40, the average 22. Twenty of these pupils left for the U.S.A. between the dates of May 23 to June 3. Two left for Nanaimo April 12. Nine pupils were in for the first week of June. Two pupils were present when school closed. All had left the country or the district.

According to the above, a better way of tabulating the aggregate attendance would be found if all circumstances would enter into consideration.

Very truly yours,

Sister Mary Sheila

Principal.

St. Catherine's Indian Day School

Reference your 0-11-5 of February 3 -

We concur in Major Davey's comments concerning supervision at this school. It is felt that with only 93 students, three full time and two part time teachers are sufficient to provide adequate supervision. Most provincial schools of a similar size have a smaller teaching staff. Our letter 152-22-1 of 31 August sets out clearly our policy concerning the number of teachers at this school. The additional work involved in making and distributing cocoa is or should be largely borne by the older students themselves.

Sister Dorothy Marie was employed as a part time teacher at the request of the Provincial Superior of the Sisters of St. Ann. It is suggested that Sister Mary Sheila communicate with the Reverend Sister Superior concerning the status of these two teachers.

I beg to attach herewith a copy of a letter received from David Charlie regarding his daughter, Cecelia Charlie, born July 10th, 1932, and at present enrolled at St. Catherine's School.

For your information, I would like to say that David Charlie is not a member of the R.C. Church, but his daughter, Cecelia Charlie, was baptized in that Church at time of birth. David disclaims having any knowledge of any such Baptism and states that if such a Baptism took place, it was without his consent.

You will notefrom his letter that he does not wish to have Cecelia raised an R. C. and with that end in view, had her re-baptized into the United Church this date, as per copy of Certificate of Baptism attached. He also wishes to have permission for her to be transferred from St. Catherine's School to the Koksilah Indian Day School. If the Department approves of this transfer as requested by the father of Cecelia and for the reason stated, I should like to ask you to reply at the earliest possible date. I might say in closing that David Charlie is greatly incensed over the fact that he can not have his child go to the school of his choice and is quite definite that if permission is not given for her to attend the Koksilah Indian Day School he will not permit her to go to St. Catherine's.

EXD.

Dear Sir :

I have just received your letter 152-22-1 (W T). May I acknowledge it with sincere thanks.

As I have stated in my letter of the 9th inst I am very happy to hear about the action taken to improve the text books for religious instruction. As far as I am concerned the samples I have sent you are in my estimation just as good as one can follow for a complete course, unless anyone would have time to write one specially for the Indians. I want to congratulate you and thank you sincerely on this move.

As for the increase in salary of Mr. F.S. Morrison, our instructor in manual arts at St. Catherine's I.D.S., I am awaiting with interest the outcome of your efforts. You will allow me to comment on your statement about the basic salary now 125.00 per month. If as you state the cost-of-living bonus has been amalgamated with the basic salary by an Order-in-Council, at first sight one would be inclined to think that there was an increase in salary, but in reality this is not true. In fact it is just a change in accounting or bookeeping. If the basic salary is 125.00, to it should be added the cost-of-living bonus, then one could justly say that thebasic salary is 125.00, but this way of doing that is amalgamating simply complicates the matter and does not solve the problem. However, this are all angles which I am sure you have in mind and will try to adjust.

The other matter of estimates given by the Surveys and Engineering Branch is a complete mystery to me how such a high figure was quoted. As I am in a field which I have not investigated,as I promised you I cannot discuss the point. I quite understand that no such provisions have been made for this toilet improvement in the present budget, so no one can expect any organisation except in case of complete emergency to be prepared to approve such an expense. I would however ask that this matter be given favorable consideration when the budget of the coming year is prepared. I shall remind you of it in due time. I suppose that the normal procedure would be to have the local agent and the commissioner reminded of it.

Dear Sir :

Before replying to your letter 152-22-1 (W T) I waited two long months and neither Mr. Moore, nor Major MacKay have as much mentioned anything about indoor toilet facilities for St. Catherine's Indian Day School, Duncan, B.C. As I thought not advisable for me to say anything, I made absolutely no inquiry about this matter. I beg to call your attention to this apparently forgotten situation.

I will be happy to hear about any suggestions concerning more modern religious text books for religious instruction.

We are all pleased to have a fourth teacher on the staff at the school. This has brought great relief to the other teachers and enables them to do more efficient work in their respective classrooms. My very sincere although belated thanks for this highly appretiated move. In due time, I feel assured that the Department on the basis of work and results will deem advisable to offer her the full time salary.

For your information, the question of transfer of the Koksilah Indian Day School never came up from any suggestion on our part or on the part of the Indians so far as I have been able to ascertain. I have no idea from whence the suggestion could have come.

I have not heard anything from your office about my recommendation for an increase in salary requested by Mr. F.S. Morrison, instructor in manual arts at St. Catherine's I.D.S., but I know that the matter is being attended, Major MacKay, a mystery to me, asked the new school Inspector for B.C.I.S. to visit St. Catherine's. He was in last week in spite of the fact that I was informed he was not to take office before Jan. 2nd. 1947. However, I hope this will bring good news in due time.

I would appretiate to be on your mailing list. I heard about your publication and glanced through it but never got a copy.

Thanks for your kind attention and cooperation with my very best wishes for ever increasing interest and good results in your important work.

Dear Major MacKay:

On December 4th I visited the St. Catherine's Indian Day School, Duncan, and examined in particular the work of Mr. Frank Morrison, Manual Training Instructor of that school.

The quality of Mr. Morrison's classroom work is satisfactory. The pupils present were well behaved and obviously interested in the subject. Mr. Morrison has his pupils for a greater portion of the school time than is prescribed for Industrial Arts in the Provincial Schools. Even when allowance is made for this the quality of the completed projects is good.

Mr. Morrison's duties are light in comparison to those of other teachers.. He teaches for three and one half hours of the five hour school day. In addition his classes are small, none of which is larger than twelve when attendance is perfect. The day I visited him one of his classes consisted of four pupils. The total number of pupils receiving instruction in Manual Training is 27. This is divided into three classes. Mr. Morrison assists with the instruction in music for special occasions. He states that he considers his age prevents his organizing sports in the school in which he is the only male teacher.

I have enclosed a copy of the "Qualification of Teachers for Grant Purposes" which is the basis on which grants are paid by the Provincial Government to school districts. To qualify for a grant the district must pay these salaries. Many districts pay only this

basic amount while the wealthier districts exceed this by three to four hundred dollars. Mr. Morrison graduated from the Fredericton Normal School, New Brunswick in 1907 and holds a British Columbia Manual Training Certificate in the class headed Type E-C which I have marked on the back of the form. This information I have verified with the Registrar, Department of Education, Victoria.

It is my opinion that Mr. Morrison is being paid adequately for the service he is rendering. This opinion is based upon his teaching load, his extra-curricular work, his certification, and the salaries being paid at present in Provincial Elementary Schools.

There is no reason why the school time-table cannot be arranged so that Mr. Morrison teaches three and one half full days per week instead of three and one half hours for five days per week. In this way he might be able to supplement his earnings by working elsewhere on the days he is not required at the school. This would not reduce his present teaching time which is ample for the 27 pupils receiving Manual Training instruction. His daily work would still be light because of the small number of pupils in his classes and the negligible amount of extra-curricular work he has to perform. I did not discuss the above suggestion with Mr. Morrison or the Principal of the school.

I hope that you will find this information of some assistance.

Yours sincerely,

R. J Davey.

Ottawa, December 6, 1946.

Dear Father LeClair:

I have for answer your letter of November 9. I have delayed replying to your letter because of a long series of letters which has been necessary between officials in British Columbia and Ottawa. It is understood that Major Davey was to inspect this school and to check carefully into the work which Mr. Morrison is doing there and make a recommendation as to the salary to be allowed to this teacher.

By Order-in-Council the cost-of-living bonus was amalgamated with the basic salary as of September 1, 1946. Therefore Mr. Morrison's basic salary is now $125.00. There may be minor discrepancies in Mr. Morrison's cheque, due to the fact that there has been some correspondence with the Inspector of Income Tax, Vancouver, concerning Mr. Morrison's income tax status.

I regret to inform you that it will not be possible to undertake the provision of indoor toilet facilities at the St. Catherine's Indian Day School, for the present at least. We have recently been informed by the Surveys and Engineering Branch of the Department of Mines and Resources that a cost of $5,000.00 would be involved in the provision of such facilities. As you are probably aware, it is most difficult in times like these to provide such appropriations.

You will be glad to know that I have a large stock of samples of various Bible Histories and Catechisms. These were passed to Father Plourde for consideration by the

recent meeting of Oblate Principals and Bishops here in Ottawa. I believe Bishop Jordan is directly concerned with the decision as to the recommendation which will be made to the Department for the best type of books to be provided for use by Indian pupils.

In conclusion I would say that the matter of increase in Mr. Morrison's salary has been given most serious consideration and that we eagerly await the arrival of Major Davey's report.

NOV 12 1946
Received

Dear Sir :

I have just been notified that Mr. Frank S. Morrison, instructor at St. Catherine's Indian Day School, Duncan, B.C. is sending in his resignation. The reason, I am told, is exclusively a salary question.

He apparently applied several times through the regular chanels and directly to Ottawa for an increase in salary. True he is now drawing higher monthly checks but this is due mostly to the cost of living bonus and not to any subtantial increase in his basic salary.

Mr. F. S. Morrison, as your files will show is fully qualified for the position he now holds. Moreover, the standard of his work with the Indians in general, and aprticularly in manual arts, has been of a very high quality, practically unexcelled, as any person able to judge in the matter will readily admit. When he came to St. Catherine's, no work shop, nor work program were properly organized. The so-called instructors who preceeded him were mere handy men, doing everything and anything. Under his guidance, the Boys learnt how to handle tools and in a short time they were able to put into practical use their training, as a visit around the school will conclusively show. He himself without any extra financial remuneration for this work built for the school several pieces of necessary furniture. This work alone in many instances would have cost the Department more than the salary he received. He gladly did it in the interest of the school and because he has the welfare of the Indians at heart. This last point is in my opinion of major importance, if we want to get results with the Indians.

All in all, I feel that Mr. Morrison has been an ideal man in his position and the Department would be ill advised to leave him go for the mere question of salary. I know it is the ambition of the Department to have and keep on staff good and qualified teachers and instructors. Consequently, I felt it was my duty to call your attention to his case, and ask you to reconsider it for a substantial increase in his basic salary. If you have time to refer yourself to the periodical reports which must have been sent to your office, you will find that they bear my claims, this I say in spite of the fact that I have not seen any of them at any time.

A copy of this letter is being sent to Mr. R.H. Moore, our local agent and to the Comm. Major D.M. MacKay with the request to support this case and give their viewpoint.

Sorry to trouble you about this matter, but I consider it as serious and important for the school and would ask you to give it serious consideration.

Dear Reverend Father:

I thank you for the religious manuals and the Bible History which you have sent me. I have already arranged for sample copies of these and other books to be sent me from Montreal. I have taken this matter up also with the Reverend Father Plourde, O.M.I., and he also is anxious for the supply of a more modern series of religious books for use in our Indian schools. I expect to be writing you further in this regard.

As you probably know by now, we have already authorized a raise in salary for the Sisters who are teaching at St. Catherine's School. We have also authorized the payment of $60.00 per teaching month for a part time domestic science teacher. I hope this meets with your approval.

I have also written to Major MacKay regarding the indoor toilet facilities at this school. You should be hearing further concerning this matter from Mr. Moore. I have seen Father Lauzon quite recently and he is looking very fit and well.

I hope all goes well with you and share with you your disappointment in the sad defeat of the Brooklyn Dodgers.

152-22-1 (W.T.1)

Ottawa, 28 September 1946.

Reverend and Dear Sister:-

We are in receipt of your letter of the 21st instant with reference to the teachers at the St. Catherine's Indian Day School.

With reference to the three Sisters who are at present teaching at the school, instructions are being issued to increase their salaries effective Sept. 1st, 1946, as follows:-

Sister Mary Sheila	from	$100.	to	$110	a teaching month
Sister Mary Walter	"	90.	"	100.	" "
Sister Mary Eugenia	"	85.	"	95.	" "

I understand that the salary cheques for the month of September have already been mailed. Payment at the increased rate from Sept. 1st, will be included in the cheques issued at the end of October.

After reviewing your letter very carefully, it is felt that a part-time teacher should be allowed and we are prepared to pay her a salary of $60.00 a teaching month. Enclosed are the necessary forms which she should complete and return.

Yours very truly,

Bernard F. Neary,
Supt. of Welfare & Training.

Dear Mr. Neary:

Since the receipt of your letter of August 31, we have been further studying the situation at St. Catherine's Indian Day School, Duncan, B.C., and can at this date, only reiterate the points that have already been brought before your department through letters from Sister Mary Sheila, Principal, from Reverend Mother General, and from this office - also in person and in writing by Reverend L. D. LeClair, S.M.M.

These points are, briefly: (1) The Extra Teacher

In spite of the admittedly low AVERAGE pupil-attendance at St. Catherine's over the ENTIRE school year,(Such condition being attributable to circumstances peculiar to the Duncan reserves, and well-known to your office) and of the consequent shortening of the school year for pupils who register late and withdraw early - this coupled with the loss in teaching-time in every class on account of irregularity in student personnel from day to day, St. Catherine's is grading its pupils according to the B.C. Programme of Studies and has succeeded in bringing some of them to High School Entrance standing.

At the same time, St. Catherine's is endeavouring to carry out the much-to-be-desired Home Economics Programme for girls and the Manual Training for boys, as required for Indian schools.

Therefore, when the question is considered from the point of view of grade-programmes to be covered or of classes to be taught, rather than from the viewpoint of average attendance, the need for an extra teacher seems quite apparent - for:

In Grade I, . . Primary Class . . . Sister Mary Walter . . . there is the problem of teaching the children to speak English and then of bringing them to the scholastic standard required for promotion.

In Grade II & III, . .Intermediate Class . . . Sister Mary Eugenia. . . the teacher has to schedule her time so as to carry out the Home Economics programme for Grades III to VIII, as well as see to her own class.

In Grades IV, V. VI. VII and VIII . . . Senior Class . . . Sister Mary Sheila the teacher has charge of several grades besides attending to the duties of principal of the school.

It is conceivable, though, that a part-time teacher, relieving in Sister Mary Eugenia's class daily, for whatever period,or periods, is necessary to provide for the proper functioning of the Home Economics courses, would satisfy present needs.

We therefore repeat our request that we be allowed to present for the approval of your department a teacher who will be available for such daily periods, at least, as most seriously require the services of an extra teacher.

(2) Salary Increase

As requested in your letter of August 31, we are enclosing a statement of qualifications for each of the teachers now engaged at St. Catherine's. These are supported by extracts from Inspector's reports - copies of which you must have on

file - I trust you will find them satisfactory and that they will justify the increase in salary for which request has been made.

At the same time, may I draw to your attention the fact that the $10.00 addition to the salary was solicited by our Reverend Mother General as remuneration to St. Ann's School for Boys for housing the teachers of St. Catherine's School, rather than as a salary increase for teachers' service. In any case, we would be grateful for your kind attention to this matter.

(3) The installation of an indoor Toilet

The third point that requires attention for the personal convenience of the Sisters is the installation of an indoor toilet. I believe, however, that Reverend Father LeClair has made application for this.

We have watched with satisfaction the steady advance made by St. Catherine's School in recent years, and we wish, on this occasion, to assure you of our deepest interest in its future development. We deplore, with you, the one thing that hinders its progress, that is, the irregular attendance of the pupils, and we are hoping for an improvement this year. Some months of last year were very good. The zealous devotedness of the four teachers now trying to advance the interests of the school and at the same time cope with difficulties as presented above, has been truly admirable. The three Sisters and Mr. Morrison have accomplished marvels in the few years of the school's existence.

Sincerely yours,

Sister Mary Mildred

Norman George, aged 15, Songhees School, another inaginative artist has given us "Where Tyee Road twists down to the Bay". This picture shows a stockaded fort of the old Hudson's Bay type with a sailing schooner in the river. In the foreground are two Indian figures very realistically portrayed upon a rock. Prize awarded $2.50.

St Michael's School, Alert Bay, has sent in many drawings of tribal designs mostly by children of the junior grades, these show considerable promise and merit and we hope to see great developments from this school especially if our recommendations as to colours and materials are carried out. Some very excellent totems carved and painted by the older pupils show that the spirit of Charlie James is not dead. The traditional excellence of work of this kind from Alert bay is well maintained.

St Catherine's School, Duncan, has supplied a number of articles made in the manual training school including toy waggons, automobiles, boxes, door-knockers, a mechanical grasshopper and other items. Larger articles include a child's desk, an occasional table, a paino stool, a stool for a ladies dresser and a cleverly made child's wheelbarrow the sides of which represent a mythical bear designed and executed by the pupil with practically no guidance from the teacher. All of these articles are painted and finished in great taste and many of them carry aboriginal designs as medallions and other decorations. These medallions are so perfect that they give the impression that they are obtained from transfers whereas actually they are carefully drawn and coloured by hand. This feature has elicited loud praise from visitors to the Museum. Mr Frank Morrison, who is responsible for this work, has supplied us with his source material for these designs all of which make a very helpful record. We wish to compliment Mr Morrison most heartily on the quality of the work his pupils are turning out.

The Songhees School at Craigflower. In addition to the art work of Bernard George and his colleagues a great deal of excellent needlework and woodwork has been sent in with other practical products. These latter include figurines modelled in clay, paper machee masks, raffia baskets, wood trays and plaques. All of this work, and particularly the excellence of the silk embroidery has attracted a great deal of attention from visitors who are loud in their praise of the ability shown by these native children. In handling this abundance of material it was found necessary to rotate some of the articles, or such was the intention until, due to a misunderstanding on this score the materials not at the moment on display were withdrawn.

Mr. Bernard Neary,

Dear Sir :-

Text books

You will receive under seperate cover a sample of text books for religious instruction together with a Bible History. A simple glance at the manuals will be enough to see how far superior these are to the ones now in use in our schools. First the text is well prepared according to the vocabulary knowledge of each grade and is well illustrated. The three volumes on christian doctrine cover eight full academic years. The Bible History is planned for the first four years but according to our teachers, it may be enough for the eight years. I have on hand and use the second volume for the white children and if you are interested in seeing that one I would gladly send you a sample. I will naturally be happy to know what you think of the books, and especially if you are prepared to approve the text books at least for St. Catherine's in the Cowichan Agency. I shall continue to study all new publications and if you desire so keep you well posted on the matter.

Additional teacher

After serious study with the Agent Mr. R.H. Moore and the staff at St. Catherine's, I am still more convinced of the need of an additional teacher. As I explained to you when I called at your office the aggregate annual average gives a very inaccurate picture.On the basis of the possible attendance, I figure that the average would well be in the eighties and possibly more. As things now stand the teacher of domestic arts in particular is expected to give more work than anyone could expect of any teacher. She should be free of regular class work. She has enough with her work. It would naturally be much better also from the viewpoint of the pupils.

Indoor facilities

In spite of the fact that you had orally authorized me to obtain estimates on the installation of indoor lavatories for the staff at St. Cathrine's Day School, I took it upon myself to discuss the matter with the Agent. He himself favors this improvement. He would like to get from you written authority and he would himself look into the matter and submit to you whatever estimates he can obtain. Looking at the building, one can notice that no provision was made in the plans for such facilities.

This will consequently entail a greater expense than it would have at the time the school was erected. I was given to understand that the Commissioner for B.C. is aware of the request made last January by Mother Leopoldine, Sup. General of the Sisters of St. Ann in regards to this present matter.

Taking this occasion to thank you very sincerely for your kindness when I visited you at your office recently and assuring you of my unlimited cooperation, with my very best wishes,

Ottawa, August 31, 1946.

Reverend and dear Sister:

I have received for answer your letter of August 7, 1946. Before answering it I took the opportunity of thoroughly discussing the situation at St. Catherine's with the Reverend Father L. Leclair, S.J.R.

At the time that Mr. Phelan discussed the matter of an extra teacher with the Reverend Mother General at Lachine, she was given assurance that the fifth teacher would be acceptable providing that the attendance warranted it.

However, here are the average attendance figures by quarters at St. Catherine's for the 1945-46 school term:

September	1945	-	25.7
December	1945	-	71.52
March	1946	-	72.7
June	1946	-	58.77

Annual average attendance - 57.1

At present we are prepared to pay for one teacher per average attendance of 30 students, which is better than the most Provincial Departments of Education offer (usually they pay for one teacher per average attendance of 35). We also allow for the payment of one vocational training teacher for larger day schools over and above the usual classroom teachers.

In other words, the actual average attendance at this school warrants the payment of two teachers only. However, we realize only too well that the September and June attendances

are very low, due to circumstances beyond the control of the teachers. As you know the Department has actually authorized the payment of four teachers at salaries as follows: Sister Mary Sheila, $100.00 per month; Sister Mary Eugenia, $85.00 per month; Sister Mary Walter, $90.00 per month and Mr. Frank Morrison at $100.00 per month.

The Department is quite prepared to authorize an increase in salary of $10.00 per teaching month for each Sister providing that she is a certificated teacher. I enclose forms which each Sister should complete so that we can determine her qualifications.

However, we would appreciate your comments on this situation before considering further the appointment of an extra teacher. The Reverend Father LeClair pointed out clearly the long hours of extra work which the Sisters at this school are putting in and the real need for a Home Economics teacher. It is possible, in view of his arguments, that authorization for a part time teacher could be obtained.

I hope I have succeeded in making clear to you that we realize fully the need for this teacher but that we must first justify the extra expenditure from our already depleted funds.

Yours sincerely,

Bernard F. Neary,

Dear Mr. Hoey:

As the date for school opening is drawing very near, I take the liberty of drawing your attention to my letter to you of August 7th, relative to the appointment of a fourth Sister-teacher for St. Catherine's Indian Day School, Duncan, B.C., to which I have as yet received no reply.

That afourth teacher is necessary to carry on the required class and home economics schedule in this school has been conceded, and demonstrated for the information of department officials on several occasions. Besides, a fourth Sister has been promised as indicated in my letter of August 7th. I therefore have nominated for your consideration, SISTER MARY CHARLES ANTHONY, who carries a B.C. 2nd. Class Teacher's Certificate and has been successfully engaged in teaching for five years or more.

Feeling confident that this nomination would meet with ready approval, I have retained Sister Mary Charles Anthony for the position. Now, as school is to open Tuesday next, we would be most grateful for your confirmation of her appointment and would appreciate your very earliest attention to this matter. A reply by wire would be most satisfactory, as time is very short.

We have given Mr. R.H. Moore, Indian Agent at Duncan, cognizance of this action.

Trusting that we shall have the favour of a very early reply, I remain,

Sincerely and respectfully yours,

Dear Mr. Hoey:

Representations have been made to the Department of Indian Affairs relative to the need of a fourth Sister teacher at St. Catherine's Indian Day School, Duncan, B.C., in order adequately to carry out the programme of Home Economics (Cooking and Sewing, etc.) and Manual Training, as well as the other regular class subjects in all the Grades including Grade VIII. (Please note in particular the letter from Reverend Mother General, Mount St. Ann, January 7, 1946).

Assurance having been given to Reverend Mother General at Lachine by Mr. Phelan, formerly of your department, early in the present year, that the introduction of a fourth teacher would be acceptable to the Department for the reasons stated - and likewise that an increase in salary of $10.00 per month for each Sister would be favorably considered - we hereby take the liberty of nominating for the position, Sister Mary Charles Anthony. This Sister is fully qualified and has had several years experience in teaching. I trust our nomination will meet with your favour.

I Beg to submit herewith a general report covering the affairs of this Agency for the quarter ending June,30th.1946.

Education:

All schools in this Agency have now closed for the summer holidays. The attendence at the day schools except St.Catherine's has been satisfactory throughout the year. During the last week of school the attendence at St. Catherine's numbered three or four pupils and the same condition existed at Koksilah owing to the fact that t the parents of the children left for the United States. In view of the few pupils attending both schools and for whom we provide transportation I deemed it advisable to permit both of these schools to close on the 26th of June, this action being taken by me to save expenses in connection with the operation of the bus.

Education: All the Day Schools reopened on the 4th of this month and attendances were above average with the exception of St. Catherine's. For some reason or other a lot of the parents don't like sending their children to this school, too much religion taught is the principal complaint, and pressure has to be constantly maintained to keep their children going. Many applications for transfer from St. Catherine's to the Koksilah school has been received in the Office, one or two of which have already been referred to the Department for consideration. I look for a much improved attendance this year however and hope that the prejudice of the Indians against St. Catherine's will eventually pass off. Kuper Island will be full as soon as the Indians return from the fishing grounds and can send their children back.

Probably the Dept. will not feel that these cards are necessary for our Indian schools but from what I can gather from some of the Indian parents they would be much appreciated as they would then know how their children are progressing from month to month. As it is at present they dont know anything, nor in fact do they know what grades their children are in. Furthermore, I think that they might be a help in creating more of a competitive spirit among the children themselves, and probably among the parents as well in seeing to it that their children are made to attend school regularly. An early reply will be appreciated as I would like to have these cards supplied to all Indian Day schools by the end of this month.

I am forwarding herewith Mr. Indian Agent Moore's letter of September 4th addressed to the Department and enclosures referred to therein.

The applications of the Reverend Sisters for tax exemption require no comment, and it is presumed that the Department will deal with the requisition for text books for Dorothy Paul in due course.

With reference to the enrollment card enclosed, I am of the opinion that some of the information required thereon is not necessary and the question of the supply of these cards might well be left in abeyance until a School Inspector is appointed in order that he could prepare a form which would meet the requirements of all Indian Day schools in the Province.

Duncan, B.C.

September 4th. 1945

Indian Affairs Branch, Mines & Resources. Ottawa.

I beg to submit herewith in duplicate, through the Office of the Indian Commissioner for B.C. the following documents:

(1).Applications on behalf of the Reverend Sisters: Maureen Regan, Ethel Swain and M.Socorro Meza for Tax exemptions on the grounds stated.

(2).Copy of letter from Sister Maureen Regan.

(3).One copy of an enrollment card mentioned by Sister Maureen,and if approved by the Department for use in our schools, she would like to have 200 of them printed in Ottawa and sent out here, or else have authority to have them printed here. While Sister Maureen does not state what it would cost to have them done here, or rather where they (the Sisters) had theirs done for the white school under their charge in Victoria. I made enquiries at the local printing office and I find that they would charge approximately $12.00 for 500 cards. It would, I imagine, cost much less than that to have them done at the same place as the sample attached was done in Victoria, and probably still less to have them done in Ottawa as the B.C. rates for printing are quite a lot higher I believe.

Re: Dorothy Paul, mentioned in Sister Maureen's letter, this girl was recommended by Inspector J.E.Brown last year to take the 9th. grade work, the Sister is qualified to teach that grade in the Tsartlip school (Sr. room) but requires certain books, the requisition for which was sent to the Dept. on June 20th. last and which I have received no notification of its acceptance, or otherwise, since. I would recommend that the Text books asked for be supplied or that authority be given to purchase them locally. In the meantime she will be attending our Tsartlip school. The other matter mentioned in Sister Maureen's letter is being attended to.

Mr. R.H.Moore,

Duncan, B. C.

Dear Mr. Moore,

Enclosed are the letters of identification from our Mother General for the purpose of tax exemption.

Also, I am enclosing a form which I would like very much to use in the three schools taught by our Sisters. Would it be at all possible to have about 200 or 300 printed for distribution to the three schools. In this way our record system could be kept uniform. We had this one run off here in Victoria for the purpose of our school here. If it would be cheaper to have the same done from this same type, we could have ours done at the same printers.

Our school orders have not been sent as yet. Is the delay due to the heavy freight transportation problem?

Dorothy Paul wishes to start school as a ninth grade pupil on Tuseday. As yet, I have received no word from the Department in answer to my letter asking permission to give her ninth grade work at the Indian School. Also, there are no ninth grade books on hand. The order for them have been placed, however. Shall I accept her bank on the presumption that it will be alright with the Department?

Thanking you for your wonderful cooperation in the past.

I remain,

Sincerely,

QUARTERLY REPORT ENDING MARCH, 1945, ON COWICHAN INDIAN AGENCY

Education:

The schools were well attended during the period and very little absenteeism was reported with the exception of St. Catherine's Indian Day School, and even it was less than usual. This is the one school in the Agency where there should not be any trouble with poor attendance, but strange to relate there is more than all the other schools put together. Satisfactory progress is being made in all schools and the children, with very few exceptions are all well dressed and clean.

We had about three or four cases of Truance of pupils from Kuper Is. Res. School, where some of the boys ran away. However, they were all picked up later and returned with the exception of one boy - Norman Jimmie - who was found to be unmanageable and at the request of his parents is being permitted to Attend St. Catherine's Day School on probation. If this course does not prove satisfactory he will be sent to the Industrial School, as he is at present under Court orders for having stolen a bicycle.

Memorandum:

REPRESENTATIVE OF THE TREASURY.

Re: St. Catherine's Indian Day School, No. 807.

In my memorandum of August 7, 1944, I advised you of the appointment of Sister Mary Eugenia to replace Sister Mary Sheila as Principal of the School.

Sister Mary Sheila has now returned to duty and Sister Mary Eugenia will revert to the position of assistant. In view of the above, the following changes in staff at this school should be noted,- effective January 1, 1945:-

Principal - Sister Mary Sheila at $100.00 a month
Assistant - Sister Mary Eugenia at $85.00 a month.

Sister Mary Bernice has resigned as teacher, effective January 1, 1945, and no further payment of salary should be made to her.

I enclose copy of letter addressed to Indian Commissioner MacKay approving the above changes.

You will note that these teachers are members of a religious Order and are therefore not subject to deduction for Income Tax, and they do not receive cost-of-living bonus.

Dear Mr. Moore:

We are glad to inform you that, with the opening of school in January, Sister Mary Sheila, temporarily relieved in September last from her duties of Principal of St. Catherine's Indian Day School and teacher of the upper grades, will be able to resume office. Sister Mary Bernice who has been acting as Sister Mary Sheila's substitute in class teaching will therefore be withdrawn.

I trust that this adjustment will meet with the approval of the Department of Indian Affairs at this time.

With every best wish for a happy and prosperous New Year, I remain,

REPORT ON COWICHAN INDIAN AGENCY FOR THE MONTH SEPTEMBER, 1944.

During the first week of the month all the Day schools opened and the Kuper Is. Res. School. Attendance at two schools only could be considered good, Koksilah and Songhees, Tsartlip Sr. and Junior rooms had a satisfactory enrollment from the opening date with a gradual improvement during the last week. St. Catherine's and Saanich Schools were quite low although a much larger attendance in both these is expented from now on as a lot of the Indians have returned from the Hop fields and fishing grounds during the last few days. Please note that the poor attendances were caused entirely on account of the Indian families being absent from their reserves at seasonal employment.

I have your letter of the 12th instant inclosing T.D. 1 Forms submitted by Reverend Sister Mary Eugenia.

Members of religious communities have two alternatives.

1. Pay Income Tax and receive the Cost of Living Bonus which is seventeen percent.

2. Do not pay Income Tax. In this event the present regulations do not permit our paying the bonus.

As the matter now stands one of the teachers at the St. Catherine's School is being charged Income Tax and at the same time allowed bonus. We conclude from T.D. 1 Form submitted that Sister Eugenia does not desire to pay Income Tax.

It would be appreciated if you would take the matter up with the Sisters of this school as we consider that all of them should be on the same basis.

Dear Mr. Moore:

Owing to impaired health, Sister Mary Sheila, Principal of St. Catherine's Indian Day School, has been advised to take a few months rest. She will therefore have to be replaced temporarily.

I respectfully recommend that Sister Mary Eugenia, while continuing her teaching duties as heretofore, assume, for the present, the added duties of Principal. As substitute for Sister Mary Sheila as teacher of the upper grades, I beg leave to nominate Sister Mary Bernice, a teacher with several years of experience in teaching Grades VII and VIII.

We regret that this suggested change has been made necessary by circumstances and trust that the good work being done at St. Catherine's will continue to develop during the coming year.

On receipt of a copy of Mr. Indian Agent Moore's agency report for the month of April, I asked him to advise me in connection with his remarks concerning his dissatisfaction with the teaching staff of St. Catherine's School and I enclose herewith his reply of the 18th instant which is scarcely definite enough to enable us to take action in view of the satisfactory report of the School Inspector. It is the intention to have this school visited by myself or the Inspector of Agencies before it is closed and I will make a further recommendation if necessary.

Major D.M.MacKay, Indian Commissioner for B.C. Vancouver.

In reference to your above noted letter, I wish to advise that the quotation given in your letter as taken from my report, cannot be supported except, as already stated, by our opinion. And by our I mean, Miss Robertson, Miss Hayward and myself, also Corporal J.Henry to a lesser degree. I said that I had no direct evidence to support our opinion other than the fact that we thought the Teachers were not just the right type for that school, actually one or two of them might be alright, but it might avoid trouble and fuss if a complete change could be made at the suggestion of the Department to the proper authorities.

It is not my intention to make any trouble, but rather do I feel it my duty to suggest some means of getting better results at that school and as we have tried everything else, it would appear to be time to change the teachers to see if that would improve matters. If that does not have the desired effect then the question of changing the status of the school entirely might be considered. The children, or rather some of them, have told their parents that they did not like the teachers, but then there is nothing unusual about that and would be difficult to prove that the child was right and the teacher wrong. However, there must be something wrong when the existing spirit in the school is not better and the opinion expressed in my report and the suggestion offered is -to my mind-the easiest way to find out just where the trouble does lie. The reason I suggested a complete change would be, I thought, obvious, and simply means that with a new staff there a new and better feeling between teachers and pupils might be built up. I am not recommending a change, but rather suggesting that one be made to see if it will improve conditions at this school.

REPORT ON COWICHAN INDIAN AGENCY FOR THE MONTH OF APRIL, 1944.

x x x

Schools were quite well attended during the period, with the exception of St. Catherine's which seem to have great difficulty in holding the interest of the children and getting the support of the parents. Some of us are inclined to think that a complete change of teaching staff is needed in that school, for although we have no direct evidence to substantiate our opinion, the fact remaines that the children do not like their present teachers who might be alright in a Residential School but quite unsuited in a Day School. There is certainly a marked difference in the spirit existing in the Tsartlip School, where we have Rev. Sisters teaching also, than there is in St. Catherine's although the facilities and conveniences at the latter school are very much greater. I am of the opinion that if a change could be made in this school, that all the teachers should go that/there are at present, for certainly we are not getting results now, even with the Truant Officer.

REPORT ON COWICHAN INDIAN AGENCY FOR THE MONTH OF FEBRUARY, 1944

x x x

As reported last month a meeting was held with the Chiefs of the Cowichan Band in regard to the then irregular attendance at St. Catherine's school, the outcome being that a meeting of the Teacher's of the School and the Councils was arranged when the matter was fully discussed and all phases of the school and the program of studies gone into and explained by the Teachers. This meeting apparently had a very beneficial effect on all concerned and no further complaints have been received from the Council members. It was felt that the Teachers were doing a good job but the Indians some of them are of the opinion that more time should be devoted to classroom teaching and not so much to Domestic Science and Manual training, in other words more after the time table of the Provincial Public schools.

REPORT ON COWICHAN INDIAN AGENCY FOR THE MONTH JANUARY, 1944.

x x x

Attendance at all Indians schools during the period was quite satisfactory, with the exception of St. Catherine's. It would appear as if there is a definite objection by the Indians to have their children attend this school. A meeting to try and get to the bottom of the trouble was held with the Chiefs' and Councillors of the Cowichan Band during the month, along with the Truant Officer, but as there was not a quorom present no definite action could be taken. It was agreed however, by all those present that they would interview the parents of each child attending this school and get their objections to the school and report back at a regular Council meeting as soon as possible. There is certainly a very definite passive resistance on the part of the parents to their children being forced to attend this school and it is hoped that the situation can be clarified and a complete report submitted very soon.

Replying to your letter of the 15th instant, file 152-22-1, regarding the operation of St. Catherine's Indian Day School until the end of June instead of closing on May 31st, I would advise that this school was closed down on May 31st, there being only 34 pupils in attendance at that time. In view of the heavy costs of bus transportation, the continuation of the school beyond that date would not have been justified.

An endeavour is being made to bring up the attendance of this school during the next term and, if successful, it will be continued to June 30th, 1944, as suggested, but, in my opinion, this should not be done if the attendance falls to the level that it experienced this last month.

REPORT FOR THE MONTH OF FEBRUARY? 1943.

Owing to the severe cold and deep snow it was considered advisable to close some of the day schools for a few days, especially on the reserves where the children had long distances to walk. School affected were St. Catherines, Koksilah and Tsartlip. The attendance at all schools could be considered satisfactory, Although there is still room for improvement, which, in my opinion, will not be obtained without the appointment of a permanent truant officer.

The action taken by Mr. Moore with respect to St. Catherine's School is considered in order in view of the unusually severe weather conditions which is the reason for the small attendance.

Perhaps I should add that all public schools in Vancouver and surrounding municipalities have been closed since Monday last and are not likely to reopen until the weather improves.

D. M. MacKay, Esq., Indian Commissioner for B.C. Vancouver.

This is to inform you that Mrs Miller, Teacher of the Koksilah Indian Day School, telephoned me this morning at 7 oclock to let me know that she was unable to attend school today on account of illness, having contracted a chill during the first two days of this week which has settled in her arms and legs.

I have just now received a telephone call from St. Catherine's School informing me that there are only 30 pupils present today, on account of the weather conditions, and I took the liberty to instruct the Principal to keep the school closed tomorrow as there does not appear to be any sign of the weather breaking, and if the Koksilah School will not be open it will just be a waste of money to have the bus run-and also a waste of fuel-for such a small attendance.

It is hoped that the weather will be back to normal again by Monday next and travel by bus will not be as hazardous as at present. Trusting that my action will be approved.

In a letter dated December 22 the Chief Treasury Officer wrote to you regarding salary paid to the Reverend Sisters of the St. Catherine's School for the period mentioned in your letter of October 12.

On checking our books it is found that a cheque for $90.40 was forwarded to Sister M. Rose Alida for the month of June, 1942. This was an oversight on our part as the school was not in operation for that month and consequently the cheque should not have been issued. I should appreciate your arranging to have Sister Alida return to this office the amount mentioned at the earliest possible date.

For your information I may add that there is some money in the retirement fund to Sister Alida's credit which she will receive if she makes application for same.

Duncan, B. C.

Nov. 20th, 1942.

Sir:

Reverend Sister Mary Sheila, Principal of St. Catherine's Indian Day School has just advised me that neither she nor Reverend Sister Mary Eugenia have received their salary cheques covering payment due for October last.

It is noted by your letter dated the 12th, instant that the salary cheques as due to the various teachers had been mailed the previous week, and it would appear that the cheques as due to Reverend Sister Mary Sheila and Reverend Sister Mary Eugenia might of gone astray.

Must have Reached Fort Rupert Nov-21-42

Yours obediently,

R. H. Moore
