Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's Historical language advisory page.

Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. Pour en savoir plus, visitez la page Mise en garde – terminologie historique de BAC.

Sir,

I have the honor to enclose copy of letter from Mr. M. Swartout the Presbyterian Missionary at Ucluelet asking the sanction of the Department to open a school at the village of Mark-to-ses, Matilda creek, Clayoquot Sound, being No 15 Reserve belonging to the Ahousaht Band who number 260 and have some 30 children of school age.

The Roman Catholics have a small Church and residence, one room of which was used as a school house, on the Reserve but have had no resident Priest or teacher for several years.

There should be an attendance of 20 children; Mr Swartout proposes at present to teach in an Indian house which has been offered for the purpose it is the best situation for a school house for this Tribe being the main village where they reside the greater part of the year, and they seem very anxious to have a teacher in their midst.

A good site for a School House may be found on the hill adjacent to the village

My dear Sir

I beg to make application to your Department for their sanction of a school to be opened at Ahousaht and for the usual grant appertaining to such schools.

I am sure you will agree with me that a school at Ahousaht would be of very material help to that tribe, whose reputation, at present, does not stand very high - I have just returned from a visit to them and they express themselves as very anxious for a teacher. We have a man ready to begin the work - and trust there will be no difficulty about obtaining Departmental aid

Sir

I have the honour to submit herewith an application from the Revd M Swartout of Clayoquot Presbyterian Missionary for permission to open a day School at the Village of Mak-to-sis No 15 Reserve Flores Island Clayoquot Sound. I also enclose Mr Agent Gullods' Report thereon

I beg to state that the Roman Catholic Missioners had a School for these Indians (The Ahousaht Band) some years ago but although the name of the band has been entered in the estimates for Day Schools from year to year no Returns have been received from there since 30 June 1889

The locality named is quite central for the band, there is however the fact that the Roman Catholic Missioners have a Church and Residence for the Priest there, one room of which was formerly used as a School-room; and it would appear well to delay the introduction of a different sect of religion amongst these Indians until a vote of the whole tribe were taken on the question

Dear Sir

I forward you herewith the report in duplicate for the School at Ahousaht for the quarter ending Mar 31/96 as nearly as I know I have made out the report as required I have had School 64½ days during this quarter not including the 4½ days I was absent. I am glad to tell you that the young man (Indian) I left in charge did excellent work and had school the 4½ days. It was quite easy to know the Indians had not been idle, This is I think a matter for self congratulation. My report I think shews a very good attendance and quite a good average. There are 5 or 6 Children who might come but I have not encouraged them to do so as we are in a crowded quarter and I feared their attendance would rather be an injury to them

Yours very Sincerely

Sir:-

I have the honor to inclose herewith copy of a letter received from the Rev. Mr. Swartout in reference to the Day School for some time conducted by the Presbyterian Mission Society at Ahouset in connection with which a report dated 18th Feb. 1898, No. 41. C. 3. was sent to the Department from this office.

I may say that in the recent conversation referred to by Mr. Swartout he seemed to think that the Roman Catholic missionaries were unduly favored and that his own society (the Presbyterian Mission) was harshly and inconsiderately treated. I assured him that such was not the case and endeavoured to explain that the Roman Catholic's had a prior claim, etc.

Mr. Swartout stated that his missionary

missionary work had been very successful and that the Ahousets are a very headstrong and difficult lot of Indians, though intelligent, to work amongst, but that the Presbyterian Mission had been very successful.

All this I believe to be the case and I think that now that the Ahouset Band have been so far advanced in the way of education, etc. through much perseverance and pains-taking on the part of the Presbyterian Missionaries, it would be a pity to close the school and let them fall back into their old heathenish ways.

I have much pleasure in testifying to the good work done by the Presbyterians in the different locations where they have established mission work. I also think that they are deserving of credit for their non-interference in places where other denominations have commenced operations.

Provision has been made for the maintenance of a day school at Ahouset during the year 1898-'99 and I would in the interests of the

Dear Sir

Re Aboussaht School Grant

Referring to our recent conversation I trust you will again lay this matter before your Department

We feel that as it at present stands we have some reason to be aggrieved.

We began work in Aboussaht in December 1895 when no one else was there, either Protestant or Roman Catholic, Many years ago the latter had a School there for a season or two but to all intents and purposes had permanently abandoned the tribe a large and important one. Had the Roman Catholics been engaged in that field we should not have gone there, But for several years before they had not nor have they since done anything to give them any claim upon this place.

Under those circumstances to refuse us a School grant on the supposition that it is Roman Catholic consistency is hard to understand

Nor does it make it easier to understand to say that the grant was transferred from Aboussaht to Clayquaht, There are two distinct tribes not even friendly to each other We assume also the grant

The Grant was given to educate the Indians youth at Shoushat and not to help any Special religeous work, and in any event after six or seven years any Special right formerly possessed by the Roman Catholics would & should think be forfeited and not be a proper subject for transference over the heads of others doing the work which they had abandoned

So that to refuse us a grant at Shoushat and subsequently to give one to the Roman Catholics at Clasquaht does not from our point of view seem like treating us all the same. Personally I would prefer the Government would take the education of these Indian Children into their own hands - But to leave them to Grow up in ignorance receiving from the whites only their vices cannot really be the policy of an enlightened nation

We have been doing this work, and until your Department arranges to take it over I expect to continue it - and trust we may have the partial remuneration usually given such work, and would be glad indeed to have the grant comes the past year as well

I might say I think we have demonstrated our ability to conduct and Keep together day Schools upon the Reservations and while it may be better to establish boarding Schools, yet Considering the inexpensiveness of the former Methods and the Good work

OTTAWA, 9th June, 1899

The Secretary:-

An application for a grant of $500 to erect a school house at Clayoquot was made by the Roman Catholic church in 1896 and renewed in 1897 but was not acceded to, Mr Vowell being informed that the Department could hold out no hopes of a grant being obtained for this purpose then.

Mr Vowell was also informed that provision was only made for one Roman Catholic school in the Wesy Coast Agency, but that the Department would not object to the grant provided for the Roman Catholic school at Ahousaht being applied to the Clayoquot school.

No school appears to have been in operation at either Ahousaht or Clayoquot between the years 1891 and 1896, when the Clayoquot school was re-opened in December quarter the latter year and paid for out of the grant provided for Ahousaht for two years as previously stated.

The grant for Ahousaht was dropped from the Estimates in 1898-9 and Clayoquot provided for.

The following is a copy of a Memo. re Clayoquot school which sets forth the arrangement with the Roman Catholic Church:-

Mr. McLean,

In the second part of Mr. Benson's memorandum he says "the Roman Catholic Church authorities were given the option of keeping either one of the two schools open and chose Clayoquot" But the contention seems to be that neither of the schools was kept open by the Roman Catholic Church. Has the Clayoquot School been kept open since the Ahousatt School was closed, as appears to be the case, in 1891? If neither school was kept open is there anything in

OTTAWA, 7th June, 1899

The Secretary:-

Memo. re overture submitted to the General Assembly of the Presbyterian Church in Canada and transmitted to the Department through the Synod of British Columbia, by the Presbytery of Victoria, B.C. in regard to grants to Indian Mission schools on the West Coast of Vancouver Island.

I. The Statement of the Prebyterian Church above referred to deals chiefly with educational matters in connection with the Ahousaht Band which, according to the last census, contains 276 members, made up as follows:- 80 Presbyterians, 80 Roman Catholics and 116 pagans. The Presbyterians claim that they opened a school at Ahousaht in Dec. 1895, but the first return received by the Department from their school was for March quarter 1895, and since then quarterly returns have been regularly received, the last return showing an enrollment of 47 with an average attendance of 24.

Previous to the opening of a Presbyterian school at Ahousaht, the Roman Catholics had been carrying on a school at that place, but no returns have been received from that school since 1891, when the school was apparently closed. Mr Vowell, in a letter of the 22nd Nov. 1895, submitting an application from Rev. Mr Swartout of Ucluelet for permission to open a day school at Maktosis (Ahousaht), states that the Roman Catholics had a school for the

Indians of that Band some years ago,and that the name of this school has been entered in the Estimates for day schools from year to year,although returns had ceased to be received. He also states that the Roman Catholic missioners have a church and residence for the priest there,one room of which was formerly used as a school room and that it would be wel to delay the introduction of a different sect of religion amongst these Indians until a vote of the whole tribe was taken on the question. Acting on Mr Vowell's recommendation,he was advised that the Department regretted being unable to comply with Mr Swartout's request,as no funds were avilable for the establishment of a Protestant school on that Reserve.

Although the Department had not sanctioned the opening of a Presbyterian school at Ahousaht, nor promised any aid,quarterly returns were forwarded by the Agent,but no requisition was made for a grant as none had been allowed. Payment,however,was made for the first three quarter's salary,amounting to $225,such payment having been made in error and Mr Vowell was so informed. The grant included in the estimates was for a Roman Catholic and not a Presbyterian school at that place.

2nd.The statement of the Church authorities as to the opening and payment of the Roman Catholic school at Clayoquot is correct in so far as it refers to the years 1896-7 and 1897-8,but it should be borne in mind that the Roman Catholic church authorities were given the option of keeping either one of the two schools open,and chose Clayoquot.Since 1898-9 Ahousaht has been dropped from the estimates.

3rd. The priority of occupation claim of the Roman Catholic church is held by the Presbyterian authorities to be untenable for the reasons set forth in their memordandum, although acknowledged by the Department, for the reason set forth by Mr Vowell in his letter above referred to, and it is a question I do not feel competent to express an opinion upon.

4th. An application was received last spring from the Presbyterian church for a grant to the day school conducted by that denomination at Ahousaht which was submitted to the Deputy Minister, who directed that the Rev. Mr Swartout be informed that it was too late to arrange anything then. The Deputy also added that no promise was to be made in the matter. I understand that nothing has been provided for this school in the estimates for next year, but as the Presbyterians have successfully carried on the work so many years, it would seem that they ~~were~~ are entitled to consideration, but even if a grant were made them, I do not think that they are entitled to payment from the time the school was opened, as they claim in the concluding paragraph of their memorandum.

I have to acknowledge the receipt of your letter No. 157 D 3 of the 4th ultimo, enclosing a copy of one from the Rev. M. The Secretary.

This application from the Presbyterian Church for a grant to the day school that has been conducted by that denomination at Ahousaht in the Cowichan Agency, B. C., for some years has already been considered and refused, on another file ; but, as the letters hereunder from Superintendent Vowell and the Rev. Mr. Swartout, the missionary at the point referred to, throw new light on the subject, while it is too late to consider the application for the present estimates, perhaps the Department might go so far as to let the missionary know that if he will bring the matter up again before next session it will receive consideration again.

Dear Sir,

With reference to the Overture from the Presbytery of Victoria to the General Assembly of the Presbyterian Church, which you handed to me some days ago, in regard to the matter of the Indian School at Ahousaht established by that Church, I beg to say that the history of the school at that place is as follows:-

The Roman Catholic Church is said to have done a great deal of work for many years among the Indians of the West Coast of Vancouver Island and among the missions they established was the one for the Indians at Ahousaht and Clayoquot, those stations being considered as one mission. The grant for the school at this mission was made with the understanding that the school could be carried on at either of the points mentioned and the place chosen at first was (Ahousaht

Ahousaht, the school being kept open until 1891. Although no returns from this school were received after 1891, the grant for a Roman Catholic school at that place was still provided, and on the opening of the school at Clayoquot in 1896 the grant was transferred to that school in accordance with the understanding above referred to.

On the 1st November, 1895, Revd. Mr. Swartout, on behalf of the Presbyterian Church, wrote to the Indian Agent asking that he be allowed to open a school at Ahousaht, and on this application being referred to the Department by the Inspector, who stated that the Roman Catholic missioners had a church and residence for the priest there, one room of which was formerly used as a school room, and that it would be well to delay the introduction of a different sect of religion amongst these Indians until a vote of the whole tribe was taken, he was informed that the Department regretted that it would not be able to comply with the request of Revd. Mr. Swartout as there were no funds available for the establishment of a Protestant School on that Reserve. Apparently however the school was started by the presbyterian Church without reference to the Department, and, reports of progress having been sent in, by an oversigh

payment of the grant was made to them for three quarters of 1896. As soon as this fact was noticed the attention of the Inspector was called to it and the payments were discontinued.

I regret therefore that there appears to be no way of meeting the wishes of the Presbytery for a grant to this school, as it appears certain that any arrangement that might be made with that object in view might create a good deal of difficulty.

Department of Indian Affairs,

The Secretary:-

With reference to the concluding paragraph of the letter from the Deputy Minister to Rev.Dr.Moore,which deals with the application of the Presbyterian Church for a grant for the school at Ahousaht,I beg to say that it is a difficult matter to determine here whether the recognition of this school would clash with the Roman Catholic school in the neighborhood which is provided for. Mr Bray has shown me the maps of the Reserves in the Barclay Sound and Clayoquot districts and from the notes made at the time of the survey,it would appear that the Roman Catholics alone had missions where Indian villages were shown.

Returns are received from the school at Ahousaht above referred to,which show an average attendance of about 40 pupils for the past two years while the Roman Catholic school at Calyoquot has sent in no returns for over a year.The Department has not been advised that the Clayoquot school has been closed,but it would appear that the Presbyterian Church is very much alive.

I think that it would be as well,as very little delay would be entailed,to ask Mr Supt.Vowell for a report on this application.

Sir,

The Prebyterian Missionary Society have renewed their application for a grant towards the school carried on by them at Ahousaht and they have been informed that the Department was not in a position to give them a definite answer until it was ascertained whether its doing so would in any way clash with the schools of other denominations in the neighborhood.

The Department would like you to report in this matter. It appears from the records on fyle here that the Ahousaht school is in operation with an attendance of about 40 pupils, while the Roman Catholic school at Clayoquot, for which provision is made, has sent in no returns for over a year.

When reporting be good enough to indicate on a rough sketch, the relative position of these two schools.

Mr McKenna,-

I send you fyles 116,620 (Numbers 1 and 3) and 134,628, relating to Alberni and Ahousaht schools in British Columbia.

Re Alberni,- Provision is made in the main estimates for 25 pupils at $60 each for this school for the year 1900-1901, which will not be available until after the 1st July next, and the Rev. R.P. Mackay Secretary of the Foreign Mission Committee of the Presbyterian Church in Canada has been so informed.

Re Ahousaht,-No provision is as yet made for this school but Mr Supt. Vowell was asked to report whether the granting of a day school teacher's salary to this school would clash with the schools of other denominations in the neighborhood.

The Presbyterian school at Ahousaht is said to have forty pupils in attendance, while provision is made for a Roman Catholic school at Clayoquot, from which no returns have been received for over a year. I think it would be better for the Department to provide a salary for the Ahousaht school, as it would likely cause trouble is the Clayoquot grant were appropriated for that purpose.

Dear Mr. Scott:-

In a letter we received from you dated August 20th, you intimated that the Department would allow $750 towards the salary of Mr. Vanderveen on account of his work in the Day School at Ahousaht. I consulted with the Treasurer, and I found that no money had come from the Department for Ahousaht since the end of June. I then wrote Dr. Wilson, our District Superintendent of B.C. to ascertain how long Mr. Vanderveen has been in charge of the school.

The following is a quotation from a letter written by Mr. Vanderveen, December 24th:-

"During the quarter ending September 30th there was no school at all. And during the present quarter I will only be able toget in 33 days out of a total of 59 school days. The reason of that is because in the first place the school supplies were slow in coming in and then when I did receive them the children were all away".

From this you will see that there is due us salary for Mr. Vanderveen for 33 days at the rate of $750 per year. As we have already paid Mr. Vanderveen in full, the cheque should be made payable to the Treasurer of the Presbyterian Church.

Your File 159-36-1

Replying to your letter of the 19th instant in respect to the complaint of Mrs. M.K. Waywell that due to her salary cheque for the period September 8th to December 31st, 1942, being dated January 1943, whereby she was penalized in income tax payment apparently to the extent of about Fifty-five dollars for the reason that the Income Tax officials insist that it was part of her 1943 income, thereby not only placing her in a higher tax bracket, but precluding her securing some rebate on her 1942 tax payments, I would advise that this teacher has now submitted the enclosed resignation on financial grounds.

Mrs. Waywell has proven a very capable teacher and as the teacher situation is such that it is extremely unlikely that we can replace her, I am writing her requesting that she reconsider her decision and have asked Mr. Bunt, Superintendent of United Church Home Missions, in Vancouver, to also use his influence with her. Meanwhile, I would recommend that the matter be held in abeyance.

If the Department is in a position to induce the Income Tax officials to make some adjustment on Mrs. Waywell's behalf, it would no doubt be of great assistance in the matter. We have been unsuccessful in our discussions with the local Income Tax Branch.

Dear Sir,-

I would greatly appreciate it if I could be released from my duties at Campbell River at the end of October or middle of November. I am sorry to ask to leave a school in mid-term but the experiences of the past three years have shown me very clearly that I must, myself, give personal matters first consideration.

No doubt you will ask why I requested an appointment when I find myself obliged to ask for a release so soon. It was an error in judgement influenced by financial exigencies. After all, when one receives a low salary, pays living expenses and traveling costs for remote areas, and then hospital bills in addition, one's financial reserves are not such as would encourage one to use good judgement in the matter of voluntary retirement.

I am afraid that Ahousat has left me with a 'hangover' that renders it impossible for me to do satisfactory Indian work, and I trust that you will find it possible to obtain the services of another teacher for Campbell River School.

Sincerely yours,

Mabel R. Hazell

Major D.M. MacKay, Indian Commissioner, P.O. Box 70, Vancouver, B.C.

I have your letter of the 29th ultimo, with reference to payments made to Mrs. M.K. Waywell, formerly teacher at the Ahousaht School and recently appointed to the position of teacher at the Campbell River School.

For your information I enclose a copy of a letter dated April 27 which was forwarded to Mrs. Waywell by the Chief Treasury Officer. I am informed today that there is nothing that we can add to the letter of April 27, as it is felt that that letter fully covered the situation as far as we are concerned. We regret that we cannot take any further action in the matter, but it is one that will have to be adjusted between Mrs. Waywell and the Income Tax officials.

The figures above quoted were obtained from Treasury Office letter 477039, File 159-2-1 dated April 27th and from a copy of Mrs. Waywell's 1943 Income Tax Return, and although those taken from the latter source may not be correct (in particular the amount of $30.00 claimed as a contribution to the Retirement Fund) they will, nevertheless, serve to indicate that the income tax levied on her for 1943 was far in excess of what she would be liable for if it was based on her 1943 earnings.

For your information I would advise that the amount of $139.53 listed as " Donation to Charitable Organization" represents an amount of 10% retained from the teacher's salary by the Women's Missionary Society, this apparently being their practice with all teachers nominated under their auspices.

Similar situations have arisen with respect to temporary employees who have been granted statutory increases retroactive to April 1st, 1943 as they did not receive the amount due them until this current year. In some cases the retroactive increases amounted to a considerable sum, and in the case of a temporary employee receiving a much larger salary this year due to a promotion or otherwise, this amount added to his increased salary would place his 1944 income in a tax bracket which would almost entirely deprive him of the benefit of the increase.

It is fully understood that situations such as this may be unavoidable at times, but I would appreciate any suggestions you care to make with respect to any action which could be taken by the employees so affected. In Mrs. Waywell's case, dating of the cheque prior to December 31,1942, would have eliminated such a situation, and as she is anticipating some assistance from the Department in advancing what, in my opinion, is a legitimate claim for refund of an overpayment, I would appreciate receiving an early reply to this letter.

Mrs. M. K. Waywell, formerly teacher at the Ahousaht Indian Day School, and recently appointed to the position of teacher at the Campbell River School, today called at this office with reference to the increase in her income tax liability for the year 1943, as a result of delay in payment of her salary for the period September 8th to December 31,1942. Apparently her salary for this period amounting to $418.67 was not paid until January 1943, and as a result it was, in accordance with the Income Tax Act, included with her 1943 earnings of $1,006.59 making a gross income of $1425.26. She was consequently compelled to file a tax return for 1943 as follows:

Gross Income		$1425.26
Less Retirement Fund contributions-	$ 30.00	
" Donations to Charitable Organ.	139.53	169.53
		1255.73
Fixed Tax.		169.00
Savings Tax less voluntary savings-		10.36
		179.36
Less Tax deducted at source		175.63
Balance Payable.		$ 3.73

The balance payable in this case is very small but, if Mrs. Waywell had been able to file a return based on her 1943 earnings, she would have been entitled to a refund of $ 53.91 as follows:

Dear Sir,-

(Re. Dept. of Indian Affairs)

I hereby beg to draw your attention to an error in the enclosed slip which was sent to me for the purpose of my Income Tax Returns. According to the stubs of the cheques issued to me for the year 1943 my income and deductions were as follows.-

The first six of above cheques were issued to me when I was employed as teacher of the Kitamaat Indian Day School and the last four were issued to me when I was employed as teacher of the Ahousaht Indian Day School.

Might I also draw your attention to the fact that the last four cheques(Ahousaht Indian School) have been issued to Mrs. M. D. Waywell whereas they should be Mrs. M. K. Waywell.

I am awaiting your reply and return of slip before submitting Income Tax Returns.

I enclose, for your information, a copy of a letter which explains itself. I wish you would point out to Mr. Ashbridge that in the event of a teacher resigning or leaving a day school for any purpose he should write us a letter giving us all the particulars. On checking our files I find that Mr. Ashbridge mentioned in his January report that Mr. Glover had given up duties, but this particular report was not brought to the attention of the Training Division. Consequently the Treasury Branch was not notified to stop issuing cheques in his favour.

Dear Mr. Hoey:

May I take this opportunity of addressing you to ask some information - perhaps I should address the Treasury Officer, and, if so I hope you will not mind passing on my requests:

(1) The cheque covering the salary for May of Mrs. M.B. Griffin, nurse, working out from Alberni, B.C., was for an amount of $55.00 only. We have had no advice as to why this grant should not have been for the usual amount of $75.00. May I have an explanation as to the difference.

(2) I should like to know how the amount of $93.32 and which has been the amount of the grant being paid to Misses Clare Wilson and Isabel Leith at Kitamaat Day school, is computed - what portion is salary, what is added for cost of living bonus, and what sums are deducted for National Defence Tax and superannuation, etc.

Answered 16/7/15/1 June 16/42 pp

Also, I should like similar information regarding the grant to Rev. J.B. Glover, of Ahousaht, B.C.

We would like this inormation to complete our files and if it could be sent fairly promptly, it would indeed be greatly appreciated.

Thanking you, believe me,

Ucluelet and Ahousaht Day Schools were both inspected and found in good order. Attendance was poor at both schools due to the opening of the fishing season. At both schools the classrooms, sanitary arrangements and grounds were in good order and the health of pupils good.

Schools:

Ahousaht Day School had an attendance of 12 pupils on the day of inspection, most of whom, including the teacher, were suffering with colds. Some children were found sitting in their wet clothing, and the classroom has a very untidy, cheerless appearance. This schoolroom is unfortunately situated a considerable distance from the village, and during the wet season, October to April, the children get very wet going and returning.

A mid-day meal is provided and the classroom is well heated and has been put in good repair. General conditions and progress at this school cannot be said to be good.

Sir,-

I have to request that you will be good enough to state whether Mr. H. W. Vanderveen taught the Ahousaht Indian Day School during any part of the December quarter. If so, a return showing the attendance for that period should be forwarded as soon as possible.

The Presbyterian Church authorities informed the Department that a staff for the new Ahousaht Boarding School went in on the boat December 10th last and the work may be regarded as having commenced in the new school from that date. Upon the re-opening of this new boarding school the day school will be discontinued. Returns from the Boarding school should be forwarded promptly at the end of the current quarter in order that the grant may be paid from the appropriation for the current fiscal year.

All returns from the Alberni Boarding School should also be forwarded promptly at the end of the current quarter.

Dear Mr. Hoey: Re - Ahousaht Day School
Your File 159-36-1

I have your letter of October 7th. The reason you have no record of Miss Nelson's having been appointed as teacher of this school is because she has not been appointed. The reason for this is that The Woman's Missionary Society, which operates this school, failed to notify us that they desired this appointment to be recommended to you. So the fault is not with the men this time! And even as at the beginning of the world the fault lay with the women, even so now.

We beg to nominate for this School Miss Ruth Nelson, who has served at Kitamaat and various other places, and who is, I have no doubt, well and favorably known to your Department. If you could find it in your heart to overlook the delay, I am sure that it would be appreciated if the salary were paid to Miss Nelson from the time when she actually began her work, which I presume was at the beginning of the school year.

Yours sincerely,

Dear Sir:

Re: Mrs. Mabel K. Waywell

This will acknowledge receipt of your letter of October 4th together with enclosures re Income Tax levied on the abovenamed taxpayer for the year 1943.

As you are aware, the Income War Tax Act provides that all salary payments made within the calendar year are considered as income for that year, but in view of the fact that we have been assured by you that this is an isolated case and that it is definitely not the practice of the Indian Affairs Branch to remunerate its employees for work done in the previous year at the commencement of the subsequent year, together with the fact that difficulty will be found in securing a teacher to replace Mrs. Waywell, an exception is being made to the general practice in this regard and the Inspector at the Vancouver Office is being asked to consider salary received for services from September 8th to December 31st, 1942 as income received in 1942.

INSPECTION OF SCHOOLS:

Ahousat Day School on day of inspection had an attendance of only three pupils; two of whom could not read. This was partly due to families being away at the Canneries. On the whole this school was very disappointing, and I feel that the teacher is wasting her time.
Day schools is emphasized. The school at Ucluelet should be re-opened if a teacher can be found.
Season day schools also should be conducted at Nootka, Kildonan, and Ceepeecee, as the parents cannot leave their children behind when employed at the Canneries; and the Residential schools cannot accommodate them. In consequence there are several over school age who cannot obtain an education.

Dear Doctor Dorey:

Ahousaht Indian Day School.

I have for answer your letter of May 7th with regard to the above Indian Day School.

As I advised you in our telephone conversation of this morning our District Inspector of Indian Schools for British Columbia has previously recommended that we consider the erection of a new Day School at this point. Due to previous commitments, it is not anticipated that this building will be erected this summer. However, it is high on Inspector Davey's list of required schools for British Columbia and it is expected that it will be included in our 1949-50 Estimates.

In view of the above recommendation, the Department would like to be advised further with regard to the views of those members of the Women's Missionary Society who were of the opinion that a Residential School should be built at Ahousaht.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.
